WILL SIGN TREATY

CHINA TO GIVE SIGNATURE NEXT WEEK TO

THE MANCHURIAN AGREEMENT

RUSSIA STILL PROTESTING IN MODUS VIVENDI.

NEVER INTENDED OTHERWISE

MAKES IMPRESSION OF GOOD FAITH.

St. Petersburg, March 29.—It is probable that the Russo-Chinese Manchurian treaty will not be signed before Monday or Tuesday, at the earliest. The delay is due to the dilatoriness of the Chinese government, or to the natural difficulties of communicating between the Chinese court, Pekin and St. Petersburg.

It is not believed that the indisposition of Yang Yu, the Chinese minister at St. Petersburg, will prevent him from going to the foreign office when invited to do so.

MERELY A MODUS VIVENDI.

Washington, March 29.—It is stated on excellent Russian authority that the Manchurian convention has from the first been regarded simply as a modus vivendi. It was this phase of the subject which Count Casini brought to the attention of Secretary Hay yesterday, and simultaneously it appears to have been impressed upon the minds of the British officials, as Lord Lansdowne announced to the house of lords that the convention, viewed as a modus vivendi, might not present the objections heretofore held against it.

The Russian authorities at Washington have all along construed the convention as a modus vivendi, although Count Cassini has now made this rather plainer to Secretary Hay.

It is explained that the term modus vivendi, as applying to the present convention, means that abnorfal conditions have arisen in Manchuria and that normal conditions can best be restored by means of a modus.

The chief purpose of the modus, it is explained, would be to provide for the evacuation of Manchuria by the Russian troops, as their presence there is part of the abnormal condition brought about by the disturbances. But with these forces withdrawn Russia expects assurances will be given that quiet will be maintained and that the former normal condition will be in fact restored.

When the old state of things is thus restored, it is the Russian view that the modus vivendi will cease to operate, as its purpose will have been secured of correcting the abnormal conditions brought about by the Chinese outbreak and the dispatch of a large Russian force to different points in the province.

It is said that the integrity of China will be completely preserved and that nothing in the nature of a Russian protectorate or suzerainty will exist.

Neither the Russian ambassador nor the Chinese minister has received any word as to the final action on the convention. The Chinese minister was at the state department today, having returned from a three days' visit to New York. He is without advices, however, since the last dispatch from the several viceroys expressing the hope that the United States will induce Russia not to press the convention. In some diplomatic quarters it is pointed out that the term modus vivendi, implies that Russia has certain distinct territorial rights in Manchuria and that it in no way mitigates the character of the convention.

JAPAN MAKING A SHOWING.

Tokio, March 29.—The newspapers here say it is proposed to relieve the Japanese troops in the Chinese province of Pe-Chi-Li by a force 50 per cent. stronger.

Altrough May is the usual month in which the relief of the forces at Seoul takes place, the relief of the troops there will take place immediately. Three officers of the headquarters staff will also proceed to Corea.

These movements, with the usual activity at the arsenals, is taken to point to the adoption of a strong policy by Japan.

FORT WAYNE MAN PROMOTED.

Ernst Neihoff, who has represented the Metropolitan Life Insurance company as assistant superintendent here for a year past, left last Saturday for Loraine, Ohio, where he has accepted a position as district manager for the same company at a largely increased salary. His new position is similar to the one held by Mr. Ten Broeck, of Fort Wayne, and is an acknowledgment of Mr. Neihoff's efforts during his years of labor with the company. The office here is in charge of Mr. Drummond for the present, but a new assistant will probably arrive within a few days.

OLD SCALE TO STAND.

Pittsburg, Pa., March 29.—The coal operators of the Irwin field posted notices at all the mines today that the rate of wages for the ensuing year from April 1st will remain the same as last year. The notice is taken as an indication that the operators will not meet the mine workers in conference on the question of adopting the Pittsburg scale and an effort may be made to enforce a strike. There are 25,000 miners in the Irwin district, but the operators claim that only 10 per cent are in the union and the others are satisfied with the scale and conditions.

ARTILLERY GETS CARBINES

ADDITIONAL EQUIPMENT FOR BATTERY B.

Outfit of Springfield Fortyfive-Calibre Guns Arrived Thursday—Additional Drill.

Under a new departure in the Indiana national guard the artillery branch of the service is to be equipped with carbines in addition to other arms and the new outfit for battery B arrived in Fort Wayne Thursday.

There are sixty modern Springfield carbines, 45-calibre, together with the belts and slings, and the outfit will be issued to the members at the next meeting of the battery. The new equipment means an additional drill for the artillerymen, though they have already managed to find enough to put in the time profitably. The drills will now include the handling of the modern 3.2 rifle, the Hotchkiss gun, the sabre, pistol and the carbine.

THE CASES WERE DISMISSED

THE HAIBERS, HEDGES AND LAUER DISCHARGED.

Hazel Wright Signed Affidavits Because a Constable Asked Her to Do So.

Yesterday afternoon in France's court and this morning in Bullermann's court the several cases against William and Charles Haiber and John Hedges and Peter Lauer were dismissed. All these affidavits were filed by Hazel Wright, a woman of bad repute. It was found in the first place that there is no real Hazel Wright, the woman's name being Lillian Porter, and it also developed that she knew nothing of the trouble between the parties. Deputy Constable McDaniel says the affidavits were handed to him by the prosecutor without signature and he was instructed to get somebody to sign them. He met the Porter woman on the street and asked her whether she would sign them and she consented. She has signed other affidavits when asked to, and altogether the whole business has a very bad odor. McDaniels was asked by The Sentinel whether he had instructions to get the Porter or Wright woman to sign them and he said no, but that she had signed other affidavits. When these facts were developed the justices promptly threw the matters out of court.

John Bickel, of New Haven, arrested yesterday for running a slot machine, entered a plea of guilty in Huser's court and was fined $5 and costs. He paid.

Anna Krick has filed an affidavit in France's court charging Fred Worden with being the father of her unborn child. The parties live near Maysville and the case will be tried tomorrow afternoon.

William Braun, the electrician, has invented an attachment for phonographs which prevents the scraping and grating noise made by the reproducer on small machines, and he will have the invention patented. Mr. Braun will negotiate with an eastern firm for the sale of the attachment.

SEES HIS CHIEFS

AGUINALDO CONFERS WITH TAGALOG LEADERS.

SOME OF HIS CABINET THERE

HOPELESSNESS OF STRUGGLE POINTED OUT TO HIM.

SAYS IT IS NOT AGUINALDO

EUROPEAN AGENT DECLARES A COUSIN WAS CAPTURED.

Manila, March 29.—Aguinaldo today conferred in the Tagalog language at the Malacanan palace with several former members of his cabinet and other prominent Filipinos, whom he had asked to see. They explained to him the hopelessness of the insurgent cause and advised him to use his influence to establish peace and for the recognition of American sovereignty. The result of the conferences is as yet unknown.

Aguinaldo is now detained in a comfortable room in a wing of the Malacanan Palace. He is in charge of Captain Benjamin H. Randolph and Lieutenant Gilbert A. Youngberg, of battery G, Third artillery.

When Aguinaldo was captured he wore a plain dark blue suit, with the coat closely buttoned at the throat, and a wide, white helmet, with a leather band. He takes his capture philosophically. He is generally cheerful, but sometimes moody. His health during the past year has been very good. It is uncertain what attitude he will now assume.

Certain visitors are permitted to see Aguinaldo, but newspaper interviews with the prisoner are not allowed.

Since Aguinaldo has been domiciled at the Malacanang palace persons not provided with special permits have been denied admission to the grounds.

General Trias, the commander of the insurgent forces in southern Luzon, who recently surrendered to the American authorities, visited Aguinaldo and told the latter why he surrendered.

Trias said that a continuance of armed opposition to the United States was unjustifiable and ruinous, that the independence of the Philippines was impossible and that the Filipinos would better accept liberty, prosperity and progress under American rule.

The capture of Aguinaldo, following the surrender of General Trias, will probably occasion the surrender of the insurgent leaders Malavar, in Batangas province, Luzon; Bellarmino, in Albay province, Luzon, and Lucban in the Island of Samar, within a month.

Many people visited the residence of General and Mrs. Funston, on the Calle Real, in the suburb of Ermita. The general modestly declined to talk.

Mrs. Funston was evidently the happiest woman in the Philippine islands.

General Funston has been recommended for the highest practicable reward. It is believed here that he will receive an appointment as brigadier general in the regular army.

The first execution in Manila under American rule took place today at Fort Malate where five natives were hanged for the murder of Archibald Wilson, an Englishman, superintendent of the waterworks. The motive for the murder was robbery.

Twelve thousand Filipinos have taken the oath of allegiance to the United tates at San Vicente, South Ilocos province.

SAYS IT IS NOT AGUINALDO.

Paris, March 29.—An interview with Regidor Jubado, who claims to be the Filipino agent in Europe, is published here.

He says he has received the following cablegram from New York:

"According to precise information the man captured is not President Emilio Aguinaldo, but Baldomero Aguinaldo, chief of the general staff and Emilio's cousin."

STAR CLAIMED FOR FUNSTON.

Washington, March 29.—The Kansas congressional delegation has decided to urge the president to appoint General Funston a brigadier general in the regular army as a reward for his daring capture of Aguinaldo.

This afternoon Senator Burton and Representatives Long and Curtis, the only members of the delegation in the city, will call upon the president for that purpose. The members of the Kansas delegation do not consider that a brigadier-generalship would be too great a reward for General Funston's exploit, and point to General MacArthur's recommendation that he be appointed to that grade as complete demonstration of the great service he has rendered to the government. They are exceedingly warm in their praise of General MacArthur for giving the entire credit of the expedition to Funston.

In view of his recommendation they do not believe that the president will hesitate to bestow upon the gallant Kansan the star he has won.

They would not be surprised, however, if considerable opposition to giving Funston a brigadier generalship should develop at the war department. There is no disposition in the regular establishment to belittle General Funston's exploit, especially since the receipt of General MacArthur's dispatch giving full credit to Funston, but there would naturally be opposition there to jumping a volunteer officer 35 years of age into the grade of brigadier general and the Kansas delegation recognizes this fact.

STORY OF THE CAPTURE.

Manila, March 29.—The story of the capture of Aguinaldo was told by General Funston last evening. It was a graphic story, related in simple, direct style, and from it has been secured the following details:

On January 24 a detachment of General Funston's troops captured at Punta Bangan, province of Nueva Ecija, a confidential messenger from Aguinaldo's headquarters at Palanan, Isabella province, who was carrying letters to the various insurgent chiefs asking them to send reinforcements. These letters were dated January 11, 12 and 14.

On February 8 one of Aguinaldo's staff officers surrendered to Lieutenant Taylor, of the Twenty-fourth infantry. This officer had in his possession valuable correspondence which told of Aguinaldo's whereabouts and the strength of the force with him. One of the letters was addressed to Baldomero Aguinaldo, ordering him to take command of the insurgents in central Luzon and to send 400 riflemen to Aguinaldo's headquarters.

AIDS FUNSTON'S PLAN.

General Funston already had in his possession the baggage of the Filipino General Lacuna, including many official papers, a quantity of correspondence and Lacuna's private seal. He immediately conceived the project of capturing Aguinaldo by strategy and laid his plans before Governor General MacArthur, who approved them.

With the captured correspondence to guide him, General Funston prepared two letters, ostensibly written to Aguinaldo by the insurgent General Lacuna. One of these letters contained information as to the progress of the war. The other asserted that, pursuant to orders from Baldomero Aguinaldo, Lacuna was sending his best company to President Emilio Aguinaldo.

ORGANIZES AT MANILA.

Funston organized his expedition in Manila. He selected seventy-eight Maccabebes, all of whom spoke Tagalog fluently. Twenty wore insurgent uniforms and the others the dress of Filipino laborers. This Maccabebe company, armed with fifty Mausers, eighteen Remingtons and ten Krag-Jorgensens, was commanded by Capt. Russell T. Hazzard, of the Eleventh United States volunteer cavalry. With him was his brother, Lieut. Oliver P. M. Hazzard, of the same regiment. Capt. Harry W. Newton, Thirty-fourth infantry, was taken because of his familiarity with Casiguran bay, and Lieut. Burton J. Mitchell, Fortieth infantry, went as General Funston's aid. These were the only Americans accompanying the expedition.

With the Maccabebes were four ex-insurgent officers, one being a Spaniard and the other three Tagalogs, whom General Funston trusted implicitly.

General Funston and the officers wore plain blue shirts and khaki trousers. They carried each a half blanket, but wore no insignia of rank. The Maccabebes were carefully instructed to obey the orders of the four ex-insurgent officers.

START MADE ON MARCH 6.

On the afternoon of March 6 the party embarked on the United States gunboat Vicksburg. It was originally intended to take cascoes from the island of Polillo and to drift to the mainland, but a storm arose and three of the cascoes were lost. This plan was abandoned. At 2 a. m., March 14, the Vicksburg ran inshore twenty-five miles south of Casiguran, province of Principe.

The gunboat, displaying no lights,

NAMES THE MEN

WHO WILL CONTROL THE FORT WAYNE POLICE.

GEAKE, BASH AND TRENTMAN

APPOINTED THIS AFTERNOON BY GOVERNOR DURBIN.

MEN ARE ALL WELL KNOWN

TWO OF THE APPOINTMENTS WERE EXPECTED.

[Special to The Sentinel.]

Indianapolis, March 29.—Governor Durbin this afternoon appointed the following police commission for Fort Wayne under the new law amending the Fort Wayne charter:

Charles S. Bash.
William Geake.
Anthony B. Trentman.

The governor has had these names with several others under advisement for several days, but those in a position to know believe his mind was made up before he left for his short vacation at West Baden.

The announcement of these appointments will occasion little surprise. It has been almost a foregone conclusion for two or three weeks that Messrs. William Geake and Charles S. Bash would be members of the commission. The identity of the democratic member was difficult. Among those mentioned were Charles Scheimann, William Borgman, Capt. W. F. Ranke, A. B. Trentman and others.

It was understood that the governor was exceedingly well disposed to Mr. Trentman for personal as well as other reasons and anxious to make the appointment, but that there was opposition to Mr. Trentman because of his brewery interests.

Charles S. Bash is the well known Columbia street merchant and has been prominent in Fort Wayne republican politics for a number of years. He was a McKinley spellbinder during the last campaign and served as chairman of the board of public safety during the Oakley reign in '94 and '95.

William Geake, the stone contractor, is one of the most prominent republicans in the city. He was a candidate for mayor against Mayor Scherer three years ago and has been spoken of as a formidable candidate since and is extremely popular with men of all parties. He is a thirty-third degree Mason and will likely be a candidate for state treasurer next year. His appointment was a foregone conclusion.

A. B. Trentman is an extensive manufacturer and capitalist engaged largely in the paper industry, holds a large block of stock in the Berghoff brewery and has large holdings of real estate. His appointment, while not a genuine surprise, was nevertheless not expected.

THE TRADES COUNCIL FAIR.

The program committee of the trades and labor fair started out on their canvass this morning and report excellent success. The fair will be given at Saengerbund hall, commencing on Wednesday night following Easter and continuing ten days. The fair will be more in the nature of an exposition than anything heretofore attempted in that line and many merchants and manufacturers are taking an active interest and will make creditable displays. One of the most characteristic displays will be that of the Edmunds Electric Construction company, which will make one of the finest electrical exhibits ever seen in this city. There will be booths of many kinds, but no contests. The absence of the latter will be in the nature of an innovation and will add largely to the attendance. A small admission fee will be charged and for this the visitor will have value received in the numerous attractions and entertainments which will be given every night.

FRACTURED HIS SHOULDER.

Henry Spuhler, proprietor of a Harrison street meat market, fell from his bicycle on West Berry street last evening, dislocating his left shoulder and fracturing the bones of the shoulder. He was removed to St. Joseph hospital, where Drs. C. B. and G. B. Stemen gave him surgical attention, and later Mr. Spuhler went to his home. The injury is a very painful one.

NEW YORK LABOR BULLETIN.

Albany, N. Y., March 29.—State Commissioner of Labor McMackin has issued his quarterly labor bulletin. Among other things it says: "Negotiations are progressing toward a compact between the American Newspaper Publishers' association and the International Typographical union which, if adopted, will establish the peaceful methods of arbitration in place of strikes or lockouts in that large part of the printing industry controlled by the Publishers' association."

HAD A ROUGH PASSAGE.

Vancouver, B. C., March 29.—The British bark Beechdale, Captain Knox, has arrived here from Liverpool after a stormy passage, during which the vessel narrowly escaped foundering. She lost three of her men, one of whom was swept overboard, another fell to the deck and was killed, while the third died from exposure. The men lost were Second Mate Petrie and Seamen Allen and McGregor.

MORE RURAL FREE DELIVERY

EIGHTH ROUTE IS LIKELY TO BE ESTABLISHED.

Citizens Near Academie to Be Recompensed for the Passing of Their Postoffice.

The postoffice at Academie, north of Fort Wayne, is to be abolished April 15, but citizens in that section are likely to be more than recompensed for its removal by the establishing of another route for the free delivery of mail through the rural districts.

Francis M. Dice, of Indianapolis, special agent of the postoffice department in charge of the middle division, was in the city today, and together with Edwin Browser, drove north over the route for which a petition was filed some time ago. The petition asked that the route leave the city over the Auburn road and return by way of the Coldwater road, but as these thoroughfares are but a mile apart it is likely Mr. Rice will specify some changes in the route in order to cover a greater area of territory before he recommends the creation of the route.

That it will soon be established there is little doubt, and it is equally probable that Mr. Bowser will be recommended for carrier. The route will be No. 8 from this city.

SCOFF AT KAISER

BERLIN NEWSPAPERS ATTACK HIS SPEECH

TO ALEXANDER REGIMENT

HIS TALK OF REVOLUTIONS ALTOGETHER WILD.

HE IS IGNORANT OF HISTORY

IN CITING THE GERMAN UPRISINGS OF 1848

Berlin, March 29.—The conservative papers today do not discuss Emperor William's speech to the Emperor Alexander Grenadier regiment at their new barracks yesterday, but the liberal papers generally comment on his majesty's utterances, emphasizing the statement that the emperor is ill informed concerning the character of the March (1848) revolution in Berlin. The National Zietung expresses its inability to comprehent what current events induced the emperor to refer to the revolution of 1848 and says it does not see any signs of his majesty needing a bodyguard.

The Vossiche Zeitung is also unable to see any occasion for the emperor's words, since nobody in Berlin is thinking of a revolution and his majesty's predecessors repeatedly recognized the loyalty of Berlin's population.

The Vorwaerts cites a number of previous speeches of the emperor, exhorting the soldiers to fight for him when necessary, and claims it has authentic information that his words were literally as follows:

"If the city of Berlin should again impudently and disobediently rise against the king, as in 1848, then my grenadiers, it will be your duty, with the points of your bayonets, to annihilate the impudent and disobedient."

The Tageblatt is amazed and asks what has occurred to justify the emperor's words. It points out that the revolution of 1848 was not directed against the Hohenzollern dynasty and appeals "from the ill-informed emperor to the emperor rightly informed."

READY FOR THE TRANSFER.

(Lafayette Courier.)

There is a strong possibility that the transfer of the Lafayette street railway to the Lafayette, Purdue and Northern Traction company will take place within the next day or so. The mortgage of $800,000 has been recorded here and was sent to New York by Mr. Nichols yesterday. As soon as it arrives there the transfer of the property is expected to follow. The county recorder worked day and night recording this huge document in order that the transfer could be made this week. Hugh A. Holmes, of Detroit, president of the new company, is in New York to look after the transfer. A meeting of the directors of the new company will doubtless be held here next week and it is certain that extensive improvements will be made to the system. All is in readiness for the transfer and there now seems to be no doubt that the street car line will pass into other hands.

The new company is the one in which A. A. Furman, of this city, is an officer and a prominent stockholder.

WILL EMPLOY FILIPINOS.

Washington, March 29.—The civil service commission has decided to request the Philippine civil service board at Manila to hold regular classified service examinations to secure about fifteen well educated Philippine men between the ages of eighteen and twenty-five for service as aids in the coast and godetec surveys, which plans to press its work in that archipelago beginning about June 1. One of its officials is already at Manila. The prospective Filipino appointees will receive $720 a year salary to begin with and must have qualifications that include the higher mathematics, astronomy, physics, surveying, geography and two modern languages.

SEES HIS CHIEFS

(Continued from First Page.)

entered a lonely cove. The small boats were lowered alongside and those who were to take part in the risky venture were soon in them and on their way to the beach. Not the slightest suspicion was aroused by the landing party and as soon as they were safely ashore the boats put back to the Vicksburg, which at once stood out to sea with the understanding that it was to return and pick up the party if it was successful.

The expedition was nominally under the command of Hilario Placido, an ex-colonel of the insurgent army. The other three ex-insurgents pretended to be officers of lesser rank.

ARRIVAL AT CASIGURAN.

The party reached the town of Casiguran at daylight on the morning of March 14. Arriving there the ex-insurgent officers, ostensibly commanding the party, announced that they were on the way to join Aguinaldo, between Pautobang and Baler; that they had surprised an American surveying party, and that they had killed a number, capturing five. They exhibited General Funston and the other Americans as their prisoners.

The insurgent authorities at Casiguran believed the story and supplied the party with food and quarters.

IN PRISON THREE DAYS.

General Funston and the other American officers were kept imprisoned at Casiguran for three days, secretly giving their orders at night. In the meantime the insurgent presidente of Casiguran undertook to forward to Aguinaldo at Palanan the two letters previously concocted by General Funston and supposed to have been signed and sealed by Lacuna.

With the letters was sent a third announcing that en route the reinforcements had had an engagement with Americans and that five men armed with Krag rifles had been captured.

FINAL START FOR AGUINALDO

On the morning of March 17, taking a small quantity of cracked corn, the party started on the march to Palanan. The country is rough and uninhabited and provisions could not be secured. The party ate small shell fish, but were almost starved. Wading swift rivers, climbing precipitous mountains, and penetrating dense jungles, they marched six days and nights.

When they reached a point eight miles from Aguinaldo's camp they were almost exhausted from lack of food and the fatigue of the march. They stopped at this place and sent a message to Aguinaldo requesting him to send food to them.

The ruse thus far had worked with the greatest success, and on March 22, when Aguinaldo sent provisions, it was seen that he did not have the slightest suspicion. With the food he sent word that the Americans were not wanted in his camp, but instructing their supposed captors to treat them kindly.

On March 23 the march was resumed, the Maccabebe officers starting an hour ahead of the main body of the expedition. The "prisoners," under guard, followed them.

MET BY STAFF OFFICERS.

The column was met by the staff officers of Aguinaldo and a detachment of Aguinaldo's bodyguard, which was ordered to take charge of the Americans.

While one of the ex-insurgent officers conversed with Aguinaldo's aid, another, a Spaniard, sent a courier to warn General Funston and the eleven Maccabebes. Having received this warning, General Funston avoided Aguinaldo's detachment and joined the column, avoiding observation.

AGUINALDO'S CAMP REACHED.

When the party arrived at Aguinaldo's camp a bodyguard of fifty riflemen was paraded, and the ex-insurgent officers were received at Aguinaldo's house, which was situated on the Palanan river.

After some conversation with him, in which they gave the alleged details of their supposititious engagement with the American force, they made excuses and quietly left the house.

PLANS NEARLY DISCOVERED.

At this point the whole plot was in danger of being discovered. One of Aguinaldo's aids was noticed to be watching the supposed American prisoners suspiciously. Before he could communicate his suspicions to his brother officers, Colonel Placido, the former insurgent, and ostensibly in command, exclaimed in Spanish: "Now, Maccabebes, go for them."

The Maccabebes opened fire and three insurgents were killed at the first volley. The rebels returned the fire.

On hearing the firing Aguinaldo, who evidently thought his men were merely celebrating the arrival of reinforcements, ran to the window and shouted: "Stop that foolishness; quit wasting ammunition."

The Maccabebes fired two more volleys and Aguinaldo's soldiers, panic-stricken by the sudden turn in affairs, broke and ran in consternation. Two of them were killed and eighteen wounded.

GRAPPLES WITH AGUINALDO.

Simultaneously with the delivery of the volleys the American officers rushed into Aguinaldo's house, accompanied by Colonel Placido. The latter threw his arms about Aguinaldo, exclaiming: "You are a prisoner."

Aguinaldo called on the members of his staff for help. Colonel Villa, Aguinaldo's chief-of-staff; Major Alambra and other Filipino officers attempted to rescue their leader. Colonel Placido and the Americans opened fire. The insurgent Colonel Villia was wounded in the shoulder by Colonel Placido and was overpowered by General Funston before he could offer further resistance. Santiago Barcelona, the insurgent treasurer, was also captured. The insurgent Major Alambra was wounded, but jumped from a window, swam the river and escaped. Two captains and four lieutenants made their escape in a similar manner.

AGUINALDO IS FURIOUS.

Aguinaldo was furious at having been caught, but later he became philosophical and declared that the ruse by which he had been captured was the only one which would have proved successful if the Americans had tried for twenty years. He admitted that he had come near to being captured before, but he asserted that he had never been wounded, adding, "I should never had been taken except by a stratagem. I was completely deceived by Lacuna's forged signature." He feared he might be sent to Guam, and he was glad to come to Manila.

AT PALANAN SEVEN MONTHS.

General Funston secured all of Aguinaldo's correspondence, showing that he had kept in close touch with the sub-chiefs of the insurrection in all parts of the archipelago. It was also discovered that Aguinaldo on January 28 had proclaimed himself dictator. He had been living at Palanan for seven months, undisturbed, except when a detachment of the Sixteenth infantry visited the town. On that occasion the entire population took to the mountains and remained there until the troops retired.

The expedition rested on March 24 and then marched sixteen miles the following day to Palanan bay, where General Funston found the Vicksburg, which brought him to Manila.

IS A CHEERFUL PRISONER.

Aguinaldo, who talked freely of past events, said he supposed General Trias would proclaim himself dictator, evidently not knowing that Trias had surrendered. He behaved courteously and gave no trouble.

General Funston speaks highly of Commander Barry, of the Vicksburg, whose skill had much to do with the success of the expedition. General Funston will recommend that suitable recognition be made by the government of the services rendered by the Maccabebes.

THE BOY WAS NOT KIDNAPED

A MILAN TOWNSHIP SENSATION IS SPOILED.

Father and Son Detained in Chicago on Request of Fort Wayne Police, Are Released.

The Chicago American today prints the following story and advertisement:

"An old man and his little son, about to be separated through the unwarranted interference in a family's affairs by the police of two cities, wept in each other's arms at the central station last night. The freedom of both was restored by the Chicago American, whose aid was solicited by the distracted parent.

"Julius Spreer, 65 years old, and his 10-year-old son, Harry, were arrested at the Rock Island depot at 8 o'clock as they stepped from a train from Fort Wayne, Ind. The only authority for their apprehension was this telegram, signed by H. A. Gorsline, chief of police of Fort Wayne:

"'Please get 11-year-old boy with man about 66 on Nickel Plate No. 3. Return boy over first train. Let old man go. Notify immediately and will deposit money with Nickel Plate agent here.'

"In spite of the tearful protests of both the father and his boy, these instructions were being carried out by Lieutenant George Perry, of the central detective bureau, when Mr. Spreer appealed to the officers to notify the American of his predicament. A representative of this paper investigated the affair and learned from the old man that he was on his way to Milwaukee, near which city he was going to purchase a farm, and that his wife had objected to his taking his son with him because she did not wish to leave their present home. His statements appeared truthful, and Attorney Isaac Abrams was consulted with a view to suing out a writ of habeas corpus. Then it was that Lieutenant Perry began to think. He decided it were better to learn something more before he sent the boy back to Fort Wayne. He called up the chief of police of that town and asked for particulars.

SETS FATHER AND SON FREE.

"'I sent the telegram for a friend, an agent of the Humane society, who had been talking with Mrs. Spreer. That's all I know about it,' explained Chief Gorsline.

"'Then I refuse to take the responsibilty of acting any further,' declared Perry. 'I shall release them both,' and he hung up the receiver. Turning to the father and son, he told them they were free.

"Mr. Spreer's story as related to the American is this:

"Twenty years ago he married Anna Lucas, who had been his housekeeper for a number of years. They lived and prospered on a farm in Milan township, fourteen miles south of Fort Wayne. Recently he determined upon selling his property and removing to the vicinity of Milwaukee, where many of his friends own homes in a German settlement.

WIFE OBJECTS TO MOVING.

"His wife strongly objected, but he started for his destination yesterday, taking his son Harry along for company. He left $200 at home for household expenses until his return, taking over $600 with him. After his departure, it seems, neighbors of his wife talked to her and persuaded her that her husband was doing wrong in leaving the community, where they both had so many friends, and that if the boy were taken from him he would give up the project. Then Mrs Spreer went to Fort Wayne and asked the assistance of the Humane society in settling her family troubles.

"'She consented to my taking Harry with me,' said Mr. Spreer, 'although she did not want either of us to go. We have five other children. I don't see why the police want to mix up in our affairs.'

"After their release Mr. Spreer said he had been made to miss his train for Milwaukee and knew no one. The police agreed to protect him for the night against thieves and sent him and his son to the Harrison street annex."

At the police station the story runs a trifle different regarding the amount of money left behind by Mr. Spreer. Mrs. Spreer, accompanied by a number of her Milan township neighbors, came to the city last evening and reported the matter to Humane Officer Schlaudroff. They said that Spreer had sold his property and taken all of the money with him, leaving nothing behind for the family. He and his wife had been having considerable trouble of late, and it was believed that he had left for good and taken the boy with him. They represented that the boy wanted to stay with his mother, but that the old gentleman compelled him to go with him against his will and stated further that he had frequently misused and abused the little fellow. They did not know where the pair had gone until they reached this city, when they learned that he had bought a ticket and boarded a Nickel Plate train. Officer Schlaudroff accordingly went to the police station and laid the matter before Captain Whitney, who sent the telegram as above stated, signing the superintendent's name. Later when the Chicago officers telephoned Captain Whitney regarding the matter they informed him that the boy was not only willing to accompany his father, but was anxious, and refused to be separated from him. After receiving this information Captain Whitney told them he had no claim on them and they might be released. He communicated this fact to Mrs. Spreer and her friends and they departed at once for their country home.

BEGAN BANKRUPTCY ACTION

AGAINST BELDEN - LARWILL ELECTRIC COMPANY.

Creditors Ask That Company Be Adjudged Bankrupt—Mrs. Mary E. Graffe Files a Petition.

In the federal court Thursday afternoon Charles H. Besley, of Chicago; the Benedict and Burcham Manufacturing company, of Waterbury, Conn., and O. N. Heaton, of this city, filed an action in involuntary bankruptcy against the Belden-Larwill Electric Manufacturing company, asking that the concern be adjudged a bankrupt.

The petitioners set forth that they have claims against the company aggregating nearly $1,500, and allege that the company committed an act of bankruptcy in paying certain claims, thereby showing preference for particular creditors.

WOMAN FILES PETITION.

Mrs. Mary E. Graffe, of this city, has filed a petition in voluntary bankruptcy, scheduling liabilities of $7,019.25, contracted by the defunct firm of Fred M. Graffe & Co., in which Mrs. Graffe was a partner. Household goods, valued at $225, are petitioner's only assets. Most of the creditors are outside jewelry firms. The petition is the first of its kind to be filed in the local court by a woman since the bankruptcy law went into effect.

A SUIT FOR DAMAGES.

The suit of L. Emma Teague, of Wabash, vs. the Travelers' Protective Association of America was this morning transferred from the circuit court at Wabash to the federal court in this city. It is an action in which Mrs. Teague demands judgment for $6,000 damages. In the complaint she recites that her husband, Oliver M. Teague, who died August 18, 1900, at Wabash, was a member of the Travelers' Protective association and that he held a policy of the society providing for the payment of $5,000 in the event of his accidental death. It is further claimed that Mr. Teague's death was the result of an accident, or of two accidents; that on July 23 last he was thrown from a carriage at Bunker Hill, sustaining a broken arm and internal injuries; that on August 8, at Wabash, while still suffering from the effects of the previous fall, Mr. Teague slipped and fell while attempting to enter his carriage, sustaining additional injuries which resulted in his death. The defendant has, it is claimed, refused to pay the amount of the policy of insurance, and the widow asks for judgment for $6,000. J. D. Conner, jr., is her attorney. The case will come up at the June term of the federal court here and Barrett & Morris will appear for the defendant company.

HELD FOR HEAVY FORGERY.

Dayton, O., March 29.—George W. Thatcher, a claim agent, was arrested here yesterday. It is charged that he forged a note for $32,000, using the name of the late P. P. Mast, a Springfield, O., millionaire. Other notes aggregating nearly $200,000 purported to be signed by the late Mr. Mast have also been found by the police. All were made payable to Thatcher as agent of the Mercer Heirs' association, which the police believe to exist only in imagination. Thatcher has been in Europe several times, and it is alleged that his principal occupation has been the stirring up of old claims and leading people to believe that fortunes are due them from estates which have never been finally administered.

Wright Medicine Co.,

My Dear Sirs:—It is with pleasure I write you concerning your most valuable remedy, known as Wright's Rheumatic Remedy, the great Canadian cure.

I have been a sufferer from sciatic rheumatism in the very worst form for more than two years. I was at Mt. Clemens, Hot Springs and West Baden and found no relief whatsoever. I was entirely discouraged, as it laid me up bedfast most of the time and I could not move a limb. I had given up all hopes of recovery, when one of my employes insisted I should take your remedy. I did so, and after taking one and one-half bottles I was perfectly cured. I can walk straight and all my pains have left me and I am now in the best of health.

I cannot speak too highly of your remedies and anyone wishing to find out its merits can write me and I will be pleased to verify the above statement. Respectfully yours,

LOUIS A. CENTLIVRE,
President of the C. L. Centlivre Brewing Co.

ICEMEN HAVE ORGANIZED.

A new labor union was formed in Fort Wayne Thursday evening, embracing the men who are engaged in handling and delivering ice in the city, and a charter will at once be secured from the Team Drivers' International union. Officers have been elected as follows:

President—Harry G. Beyerle.
Secretary—Fred Smenner.
Treasurer—Fred Schaefer.

The meeting was an enthusiastic one, held under the auspices of the Trades and Labor council's organizing committee, and among those who delivered addresses were Chairman H. J. Hoeltje and E. E. Tanner, state organizer for the Team Drivers' union. Practically every workman connected with the ice business in the city was present and affiliated with the union.

The organizing committee has begun work among the members of several other crafts, and several new unions will shortly be formed. Among these will be the butchers' workmen and the employes of App Brothers' shoe factory. The Messrs. App themselves have asked the Trades council to unionize their shop so that they may place the union label on their products.

AN EASY WAY.

To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject. He says: "I am 68 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets.

"My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, peptones and diatase, and after using them a few weeks I have never ceased to thank him for his advice.

"I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents and for a weak stomach a fifty cent package will often do fifty dollars worth of good.

Louis has an action against go on account of the drainage , which turns the sewage of ago into the Illinois river and tually into the Mississippi, ce St. Louis derives its water ly. It is asserted in support of action that the typhoid fever reatly increased in St. Louis since the opening of the canal. Statistics confirm the statement, whether or not the connection of cause and effect be established. Up to 1899 the number of cases in the city did not exceed 400 annually. In the year ending April 1, 1900, after the opening of the canal, they rose to 1,114 and in the year just ended to 1,156 Against this apparent consequence is to be set the fact that the Mississippi and the Illinois are liable to contamination at many points much nearer than Chicago, and the increase of typhoid apparently began before the drainage canal was opened. While there is nothing improbable in the theory, the published reports do not exclude other sources. It might be asserted on general principles that the Mississippi, with or without a drainage canal, does not furnish an ideal water supply.

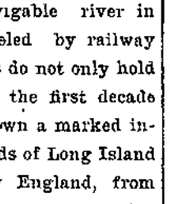
OUR INLAND WATERWAYS.

While the last century belonged to the steam engine, the present seems destined to bring the steamboat as a means of transportation to an equality with the railroad train, says a writer in the Forum. Incomplete government reports place the annual traffic of the rivers of America at something over 110,000,000 tons. It is, however, certainly more than that figure. The total freight traffic of the Great Lakes amounts to 124,000,000 tons; but as all of this leaves one lake port to enter another, the figures are divided by two, giving the traffic on the lakes 62,000,000 tons. The river traffic, however, goes largely to, and comes from the harbors of the sea coast, so that the same rule cannot be applied. Probably 100,000,000 tons would be a fair estimate of the tonnage of our rivers, exclusive of the coast harbors and inland waterways which are arms of the ocean. The average distance traveled by freight on the lakes is 841 miles; on the rivers probably not very much more than 150; so that the mile tonnage borne on the rivers is probably one-fourth that of the Great Lakes. The mile tonnage of the Great Lakes amounts to 40 per cent. of the total mile tonnage carried on the railways; that of the rivers foots up another 10 per cent.; so that on the inland waterways of America, exclusive of harbors, bays and salt-water sounds, is borne fully 50 per cent. of our inland commerce.

So far the government has been as lavish in its donation to railways as it has been in its appropriations for the improvement of our rivers, with the difference that it owns the waterways and does not possess a single line of connecting railway. Almost every navigable river in America is paralleled by railway lines; yet our rivers do not only hold their own, but for the first decade their traffic has shown a marked increase. The railroads of Long Island and Southern New England, from fighting steamboat competition have taken to the water; and they find it to their interest to increase the fleet of Sound steamers, both in number and magnificence.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.



"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. "We regard it a great tonic and blood purifier."—J. F. DUFF, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE FIRST ANNUAL MEETING

OF VISITING NURSE LEAGUE HELD LAST NIGHT.

Interesting Report of the Work of the League Read By Dr. Carrithers-Calvin.

The first annual meeting of the Visiting Nurse League was held last evening in the city council chamber and the following officers were elected:

President—Mrs. B. Pellens.

First Vice President—Mrs. Mason Long.

Second Vice President—Mrs. S. B. Bond.

Third Vice President—Mrs. Joseph Lohman.

Secretary—Mrs. Robert Harding.

Treasurer—Dr. Carrithers-Calvin.

Nurse Director—O. E. Mohler.

The secretary and treasurer of the league, Dr. Carrithers-Calvin, gave a brief account of the work done by the league in the past year toward assisting the sick poor. The league started out with a membership of twenty, which has reached 116 since organization. The dues are 25 cents for each member, amounting to $29 during the year. The sum in the treasury at the beginning was $3. Donations were received from members of the league, from other individuals, churches and societies, consisting of money, clothing, medicines and various articles. The total sum collected from all sources was $570.55 and the disbursements were: Visiting nurse's salary, $440.16; extra nurses' salaries, $40; street car tickets, $20; emergencies, $40; a total of $540.16; leaving a balance of $30.39 in the treasury. The societies who have given money or goods are: Young Ladies' society of the First Presbyterian church; Ladies' society of the same church; Ladies' society of Trinity Episcopal church; Social circle of Westminster church; Dorcas society, Trinity Lutheran church; Ladies' society of the Jefferson Street Church of Christ; Ladies' Hebrew Benevolent society; Lakeside Ladies' Aid society; South Side Aid society; Relief union; Duodecima club; Women's Reading club.

A point upon which there has been some misunderstanding was made clear by the secretary. The impression has prevailed that the visiting nurse visited houses where contagious diseases existed, but such is not the case. Where charitable visits to such houses were necessary a special nurse was sent, that the danger of carrying contagion from one house to another might be avoided.

Miss Shatzer, the visiting nurse, read a brief report of her work. She has visited thirty-four families, made 787 calls, of which 112 were in the interest of the work. She has given 250 baths and ninety-one cases of massage. She has used in her ministrations all kinds of garments, soap, towels, brushes, etc.

Rev. E. W. Allen, of the West Jefferson Street Church of Christ, made a brief address commending the work done by the league, and Dr. W. D. Calvin followed with a few remarks on the subject from the standpoint of a physician.

DECATUR MAN A LOSER.

(Decatur Democrat.)

A. Van Camp is the loser to the tune of $1,000 by the fire of a Fort Wayne machine shop last week. His wooden patents, the accumulation of five years, and from which all his milling machinery was made, was destroyed in that fire, and to replace them means a whole lot of time, expense and money. Unfortunately no insurance was carried and the loss is a total one.

ABOUT THE CITY HALL.

The board of works met last evening in regular session and passed several resolutions for paving streets as forecasted in yesterday's Sentinel. City Engineer Randall submitted plans and specifications for the following streets: Paving Jefferson street, from Calhoun to Harrison, to a width of 38 feet, and from Harrison to Broadway to a width of 32 feet; paving Masterson avenue, from Calhoun street to Lafayette street, to a width of 26 feet; paving Barr street, from Washington to Lewis, to a width of 38 feet, and from Lewis to Holman to a width of 36 feet; paving the alley between Washington and Wayne streets, from Calhoun to Harrison. The plans were approved, bids will be advertised for at once and the contracts will be let early in April.

Residents on East Wayne street petitioned for a pavement on that thoroughfare from Hanover street east to the city limits.

The assessment roll for a sewer between Lillie and Winter streets was approved and George Spangler and Herman W. Felts were granted permission to construct sidewalks under private contract.

Building permits have been issued by the city clerk as follows: L. Springer, to remodel a frame residence on the corner of Hoagland avenue and Williams street, at a cost of $1,500; Herman Wiegman, frame house on Ritter avenue, cost $1,500; F. P. Rosselot, frame house on North Harrison street, cost $1,600; August Schele, frame house on East Wayne street, cost $2,000; F. E. Keller, frame house on Thompson avenue, cost $800.

POTTERY PLANT IS BURNED

BIG INCENDIARY BLAZE AT AKRON, OHIO.

An Attempt Made to Dynamite Plant of Another Pottery—The Work of a Maniac.

Akron, Ohio, March 29.—The plant of the Diamond Pottery company was burned during the night by a fire originating from wast soaked in oil placed in various parts of the building.

A well dressed man was seen about the place before the fire started, but no trace of him has since been found.

Earlier in the evening an attempt was made to dynamite the extensive pottery of the Robinson-Merrill company. Sticks of the explosive were placed under several parts of the main building, but the watchman discovered them in time to prevent an explosion. At several other factories oil soaked waste was found in various sections of the buildings.

The police believe a lunatic is doing the work. The loss on the Diamond plant is not stated.

WINONA'S IMPROVEMENTS.

South Bend, Ind., March 29.—At yesterday's session of the board of directors of the Winona assembly the following committee was appointed to remodel and build an addition to the hotel, after the plans of Architect Beeman, of Chicago: Dr. Sol C. Dickey, of Indianapolis; Clem Studebaker, of South Bend, Judge Charles H. Worden, of Fort Wayne, and J. F. Beyer, of Warsaw. The same committee was directed to look after landscape improvements. The grounds and improvements are now valued at $371,000, and the company is free of debt. A program was outlined for fifty-nine days of Chautauquan entertainment, to begin June 1 and end August 27. The Western Writers will meet June 26; the Young People's national convention of United Presbyterians, July 24 to 28, inclusive, and the Progressive Brethren will convene August 28 to September 2. The Photographers' inter-state convention will meet in June. Arrangements have been made with the railroads that visitors at the Buffalo exposition can have stop-over privileges. Dr. J. Wilbur Chapman was chosen director, to succeed the late Governor Mount.

ANOTHER ONE.

Fort Wayne March, 28, 1901.

To Whom This May Concern:

I have been a sufferer from rheumatism for over twenty years. I have tried everything almost that I could find and found no relief. About two months ago Mr. George Godfrey told me to take Wright's Rheumatic Remedy and it would surely cure me. I tried it and am now on my third bottle and find it has cured me. I cannot recommend your remedy—Wright's Rheumatic Remedy—too highly, and I wish to say to my friends, if you are suffering from rheumatism or kidney trouble, by all means use it.

I have lived in Fort Wayne since 1859 and am now clerking in Lehman's clothing house. I again say, if you have rheumatism, use Wright's Rheumatic Remedy.

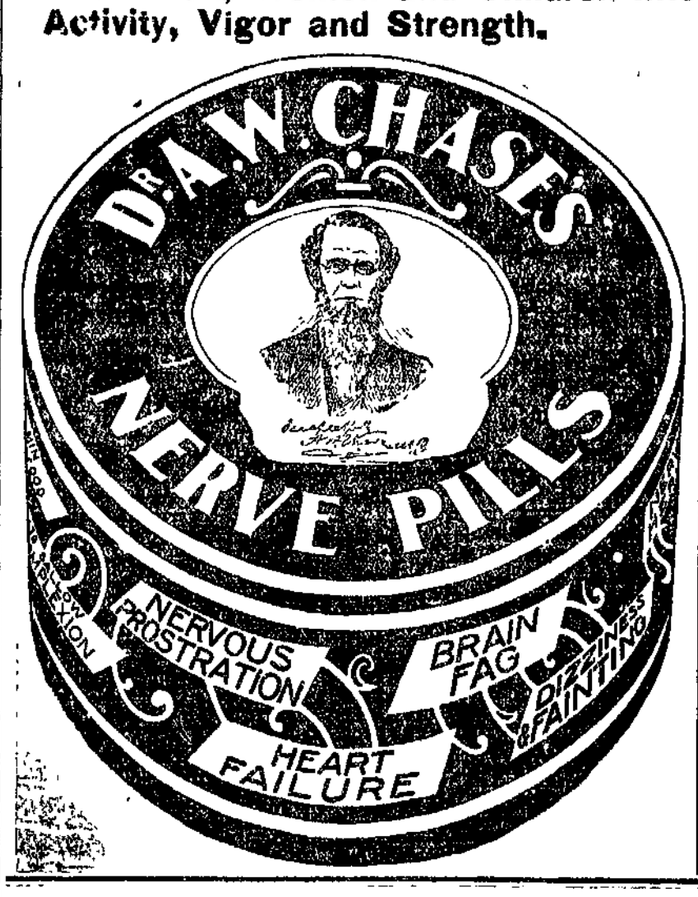
They Locate the Lost Chord of Health, and Arouse Pale, Weak and Debilitated Men, Women and Children Into Activity, Vigor and Strength.



A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world-famed Dr. Chase's recipe book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin blooded, nerve exhausted sufferers,

Who are nerve-tired and brain-weary,
Who are easily exhausted,
Who are wakeful—cannot sleep,
Who have nervous headache.

They remove the cause of blood impurities, securing refreshing sleep and impart strength.

They build up people who find their strength and vigor waning.

They settle irritated nerves, replace languor and lassitude with energy and animation.

They absolutely cure the worst cases of nervous dyspepsia.

They are called Dr. A. W. Chase's Nerve Pills. The right kind will have his portrait and signature on every box, prepared by the Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Fifty cents per box; six boxes for $2.50.

BARNEY ROACH. SURPRISED

AWOKE TO FIND HIMSELF IN DURANCE VILE.

The Third Fall From Grace Within a Short Time—Other Matters in Police Circles.

Barney Roach was the first man to face the mayor this morning, it being his 'steenth time in the last three months. Barney was released only a few days ago and fell from grace again yesterday morning, when Officer Dickson found him very hilarious near the south depots. In the afternoon Detective Coling went to his cell and he was lying so quietly that his first impression was that Barney had passed in his checks. He went inside and after a vigorous shaking up succeeded in rousing him. Barney rubbed his eyes and looking around discovered where he was. "Howly jabers," said he, "am Oi in the callyboose agen?"

"Yep," said the officer.

"Whin did yees git me?"

"About 9 o'clock this morning."

"What toime is it now?"

"Two o'clock."

"Roach, yer a dom ould fool," said Barney as he rolled over to take another nap.

This morning he told the mayor how it was, but the story wouldn't work and he was fined $11.

"Oi've got only a dollar wid me," said Barney, "will yees take that?"

He was informed that it would take just ten more to fix things, and the old gentleman sat down very much discouraged with things in general and with himself in particular.

BARTENDER FINED.

John Pattee, bartender for Ed Keever, was up for selling liquor to Roy Collins and Alanson Conn, two boys from Garrett, who were sent over yesterday for drunkenness. The boys swore positively that he had sold them beer and Pattee denied it. The evidence went and he was fined $10 and costs. He said he would appeal the case, but it is probable that his better judgment will prevail and the fine be paid. The Keever place is at present in particular disrepute with the police and the proprietor may conclude that the best policy is to monkey with the band wagon as little as possible.

WANTED HIS RIGHTS.

During the session Officer Pageler brought in Jake Luly, who was slated for drunkenness. "Mornin'! I'm here," he said as he nodded pleasantly to the mayor. "So I see," responded hizzoner. Jake denied being drunk in the most vigorous language, but the mayor fined him $5 and costs. This raised a storm of gigantic proportions and Jake simply shouted his denunciation of a court which would fine a sober man.

"I demand my rights," he yelled; "I was arrested for stealin' a harness and here you send me over for bein' drunk. I'll not stand it, sor, an' I demand me rights." Presently he subsided and took his ride with the balance of the boys.

YOUNG DORNTE BOUND OVER.

Andrew Dornte was arraigned for stealing a horse and buggy belonging to Mrs. Sam F. Swayne, the details of the arrest being given in yesterday's issue. Dornte is a bright looking little lad of fourteen, was well dressed and neatly washed and combed as he appeared before the bar to answer to the charge of grand larceny. He admitted having taken the horse and buggy and said he did not return it because he was afraid to. He rode around town with a younger brother and had taken one or two other boys into his confidence. His mother, who was present, said that he had not fed the horse since Sunday because he had no opportunity to, she having had him penned up at the house for other mischievous conduct. The boy has been so inexcusably bad and had been in so many scrapes and given the officers so much trouble that the mayor said he could do no less than bind him over to the circuit court. He said he would not place him under bond, but would allow him to go on his own recognizance if his mother would answer for his appearance when the case was called. This the heart-broken mother readily promised and the lad was allowed to go.

A Girl's Experience.

My daughter's nerves were terribly out of order. She was thin and weak; the least noise startled her, and she was wakeful at night. Before she had taken one package of Celery King the change in her was so great that she could hardly be taken for the same girl. She is rapidly growing well and strong, her complexion is perfect, and she sleeps well every night.—Mrs. Lucy McNutt, Brush Valley, Pa.

POLICE NOTES.

Dr. Rosenthal reported having found a ladies' shopping bag on Spy Run avenue.

Joe Christian, the Main street saloon keeper, reported the theft of a set of harness this morning. He suspected Jake Luly of having taken the harness and pawned it for money to get drinks or perhaps for drinks only. Jake is in jail and the matter will be investigated.

Two windows and a door were found open in various parts of the down town business district last night.

ABOUT THE COURT HOUSE.

Mary D. Messler has commenced action against Israel Messler, her husband, for an accounting and asking for $10,000 for her share of joint property. The parties formerly lived in Lafayette township, but for three years past have lived in South Wayne. Some weeks ago Messler went away after converting all his property into cash and there was some talk of a disruption then. The matter was, however, quieted down and nothing more was heard of the family's troubles until the filing of the above suit yesterday afternoon. Mrs. Mettler alleges that when they were married some twenty years ago she brought into their union the possession of a farm and in the cultivation of the farm and the accumulation of other property she has not received to exceed over $400 in cash in all these years. She now asks that the property be accounted for and divided.

Deputy Sheriff Daseler, who has been ill for three weeks, is improving slowly and is now able to sit up.

Frank S. Lightfoot has filed his bond as notary public.

The county commissioners will meet tomorrow.

The assessors who will fix the value of personal property and new improvements for 1901 will commence their duties next Monday and will be required to complete their work within sixty days. Real estate will not be appraised this year, as the assessment or appraisement of 1899 will stand for four years. Township Assessor Becker has announced his deputies as follows: E. S. Parker will assist on corporations, John Dalman, John Forbing, Herman Michaels and Louis Jocquel will fix the valuation of new and additional improvements, while M. N. Webber, Fred Graffe, Nicholas Petgen, August LeGraw, Patrick Bulger, Valentine Keintz, E. W. Miller, Philip Keintz, Andrew Scherer, H. M. Rockhill, George Jacoby and Henry W. Felger will assess personal property.

Cyrus S. Miller et al. sue Joseph A. Miller et al. for partition.

NICHOLSON LAW RULING.

Indianapolis, Ind., March 29.—The supreme court yesterday upheld the provision of the Nicholson law set forth in section 9, providing that if a remonstrance is filed against an applicant to sell intoxicating liquors it shall be unlawful for the board of county commissioners to grant a license to the applicant during the period of two years from the filing of the remonstrance.

The point was decided in affirming the judgment in the case of Albert F. Wilcox against James Bryant and others. Wilcox filed an application to sell intoxicating liquors in Boone township, Porter county, in March, 1896. A remonstrance signed by a majority of the legal voters of the township was filed against granting the license.

The board of commissioners refused to grant the license for the reason that the bond offered by Wilcox was not sufficient. Wilcox then filed a second application, but the board of commissioners refused to grant the license because of the remonstrance which had been filed before.

The court holds that the license was properly refused the first time on account of the remonstrance and the fact that a wrong or insufficien reason was given by the board is not material, for a correct decision is not void because a wrong reason is given for it.

CHINESE ARE CITIZENS.

San Francisco, March 29.—Collector of the Port Stratton has received an opinion from Attorney General Griggs definitely establishing the right of Chinese persons who were citizens of the Hawaiian islands prior to August 21, 1898, by birth or naturalization, to enter the United States. It was clearly the intent of congress, the attorney general thinks, to throw the cloak of adoption over all who were Hawaiian citizens on the date mentioned in the treaty.

UP TO PA ZIMMERMAN.

London, March 29.—The duke of Manchester appeared in the bankruptcy court today for public examination, but the case was again adjourned to May 10. It was represented that Mr. Zimmerman, the duke's father-in-law, had just arrived in England and was investigating the debtor's affairs, and that therefore it would be for the benefit of creditors to adjourn the case until the investigation was completed. This is taken as an intimation that Mr. Zimmerman proposes to extricate his son-in-law from his embarrassments. Miss Portia Knight's statement of her claim in the breach of promise action brought by her against the duke is approaching completion. It is understood that heavy damages will be demanded. The duke of Manchester has entered an appearance in the action, so he evidently intends to fight it.

CUDAHY SUSPECT IS FREED.

Omaha, Neb., March 29.—M. L. Jacobs, the traveling man who with his wife was arrested at Onawa, Iowa, as a suspect in the Cudahy kidnaping, was released yesterday for want of evidence. They were arrested at the request of a detective named Gladwin, who has been working on the case. The sheriff at Onawa telegraphed Sheriff Power, of this city, that Jacobs was a man of unquestionable character, and the detective being unable to offer any evidence of his guilt Jacobs and wife were discharged.

ABOUT BASE BALL.

President Meyer has appointed Claude F. Baker private secretary and he assumed his duties this morning. His office will be at the Wayne club. Mr. Baker is a thorough base ball man, is familiar with the game as well as the workings of a club, and Mr. Meyer is to be congratulated on having secured so capable an assistant.

Deacon Ellis has telegraphed President Meyer that he will take all the players contracted for by Anderson and asks that the contracts of the various players be forwarded to him.

Arlie Lathan this morning telegraphed his acceptance of terms offered him to serve as umpire for the Western association this season. Joe Hornung and M. J. McLaughlin, who were engaged under the Inter-State regime, have been notified that they would be retained, and negotiations are now on with Henry Gastreicht, of Newport, Ky., an ex-league pitcher. President Meyer has already several dozen applications from well known base ball men, but the list will probably consist of the four persons named above.

President Meyer is already at work on a schedule to be submitted to the committee at Louisville next Monday week.

It was stated at the meeting held here Tuesday and Wednesday that it was not believed that Mansfield cared to join the new association, although late on Tuesday Irwin, of Wheeling, telegraphed for and received Mansfield's proxy. That Mansfield is not heartbroken over the turn affairs took is evidenced by the following from last evening's Mansfield News:

"Ye base ball 'fans' who have tears to shed, prepare to shed them now!

"It's all off with Mansfield this season at least, so far as having any league base ball games is concerned.

"There will be sorrowing among the faithful 'fans' when the news reaches them today. The Western base ball association, formerly the Inter-State league, with which this city has been identified, has made up its circuit and Mansfield is left out of it. The local magnates have practically been out of it since last fall. It is known that 'Billy' Meyer, of Fort Wayne, the new president of the league, was here recently and held a conference with the local base ball people, and at that time they signified that they did not care to be in it. The reason Mansfield will have no base ball this year is that the men back of the club have lost money and because of the fact that some of the base ball people wanted Sunday ball, while others would not listen to the proposition. Under the circumstances the Mansfield club just simply dropped out of it."

Strobel has succeeded in landing Tuck Turner, who deserted him for the Western league earlier in the season. Just how Turner got out of his contract with Hulen is not known, but Strobel has him just the same. Turner telegraphed his acceptance of terms offered and is happy to get into present company.

To a great many persons the term "Class A," as applied to base ball, is just like so much Greek. In commenting on the admission of the Western association to class A, E. S. Barnard, sporting editor of the Columbus Dispatch, who was a delegate at the recent meeting, says:

"Every move made by those who participated in the first meeting of the Western association emphasized the fact that the association is to be a much more pretentious organization than the old Inter-State ever aspired to be. The securing of 'class A protection' raised the association in the estimation of the fans right on the jump, for class 'A' organizations are permitted to hold their players for two years before they are subject to the draft, when they do become eligible to the draft, the price is $1,000, instead of $300. When the association adopts its new constitution and by-laws there will be very few traces of the rules and regulations which used to govern the Inter-State. It was necessary to change almost everything in order to bring it up to the higher standard of the association. One of the most important changes is in the method of raising the money to pay the running expenses of the league. Instead of each club paying a monthly assessment, as was the case in the Inter-State, the American league plan has been adopted. Ten per cent. of the 'first gate' at each game will be turned into the league treasury and credited to the club turning it in. At the close of the season the expenses of the league will be apportioned and any club having more money to its credit than its share of the expense will receive the balance in cash. The visiting club must be paid a guarantee of $50 with an option of 45 per cent. (which is half of what is left after the 10 per cent. is taken out for the league) of the 'first gate,' if said 45 per cent. amounts to more than the $50 guarantee."

The Indianapolis Reserves want the Shamrocks for three games. The teams split even last year.

Regarding the report that Anderson will bring suit against the association for damages covering the amount of money the gas belt town lost in its endeavor to stay in the circuit, Mr. Watkins says there is nothing in it. There is no one to sue, he says, as the Inter-State league was disbanded and ceased to exist as completely as though it had never been organized. After the demise of the league the association was formed.

Manager Watkins has signed Pither Fred Barnes, of Kansas City, for the Indianapolis team.

Muncie Star: "Poor old Anderson has been robbed of her base ball prospects. The Andersonians seem always striving against hopeless fate."

Strobel has succeeded in landing Tuck Turner, first baseman on his team last year. As Tuck signed a contract with Colorado Springs, of the Western league, it is very probable that there will be strenuous kicks from the western hamlet. Strobel has signed another pitcher, Roxy Walthers, of Wisconsin.

"Sandow" Mertes, general utility man of the Chicago National league team last season, has signed a contract to play second base for the American league club, of the same city, and thus one of the hottest contests between the warring leagues has been settled.

Manager W. R. Armour, of the Dayton team, and Miss Ida Fulton, of Homestead, Pa., were united in marriage by Rev. J. E. Vance, of the United Presbyterian church, at the bride's home Wednesday evening.

The salary limit under National league rules for Class A leagues is $1,500 for the season. The cost of drafting a player from such a league is $500.

PETER HARBER PASSES AWAY

VETERAN SHOPMAN YIELDS TO PNEUMONIA.

Mrs. W. E. McLaughlin and Mrs. John C. Belot Are Called From Earth—The Funerals.

Peter Harber, a veteran machinist at the Pittsburg shops, died very suddenly at his home, 390 South Hanna street, at 4:30 o'clock Thursday afternoon. Death was due to pneumonia, and it came at a time when his friends were confident the patient had safely passed all danger from a brief illness. Mr. Harber worked until Monday last, and even yesterday was about the house most of the day. About 4 o'clock he lay down upon a couch and within a short time passed away almost without warning.

Mr. Harber was born in Hesse, Germany, about sixty-eight years ago. Left an orphan at an early age he came to America and to Fort Wayne at the age of fourteen, and a few years later entered the Pennsylvania shops to learn the trade of machinist, soon after the shops were established. Here he continued until 1880, when he resigned and for two years was connected with the Trentman wholesale grocery. In March, 1882, Mr. Harber returned to the shops, where he continued in service until his death.

He was united in marriage at Hesse Cassel thirty-seven years ago to Miss Mary Vedekned, who, with nine children, survives. The children are Joseph W. Harber, an engineer on the Nickel Plate; Peter J. Harber, a Pittsburg fireman; August A. Harber, a clerk at Wefel's drug store, and Bernard, Charles and William Harber, who are in school. Three children are dead. Mr. Harber was widely known and very popular, for his quiet, amiable disposition and sterling character won for him the widest friendship. M'LAUGHLIN.

Mrs. Lonnie McLaughlin, wife of W. E. McLaughlin, died at 6:30 o'clock this morning at the family home, 136 Jackson street, after a brief illness from cerebral embolism. Mrs. McLaughlin was twenty-nine years of age, and a native of McComb, Ohio, where the remains will be taken for interment.

Surviving are the husband and a babe nine days of age.

BELOT.

Mrs. Effie M. Belot, wife of John C. Belot, died at an early hour this morning at the family residence, 80 Wagner street, at the age of twenty-nine years. Surviving are the husband and four children, as well as the parents, four brothers and four sisters. The brothers and sisters are Frank Gump, of Nebraska; Mrs. Priscilla Jackson, Mrs. Alice Flanagan, Mrs. Jane Hirsh, Mrs. Cora Shambaugh, and Madison and Albert Gump.

Mrs. Belot's death was extremely sudden. While her health has not been of the best, there was no apprehension of immediate danger and yesterday she was calling on friends and seemed in excellent spirits. About 1 o'clock this morning she was taken suddenly ill and expired within a half hour, and before the physicians could reach her bedside. This morning Dr. Rosenthal held a post mortem examination, establishing the fact that death was due to acute Bright's disease.

The funeral announcement will be made later.

DINKLAGE.

Mrs. Margaret Dinklage, a resident of Fort Wayne for more than fifty years, died this morning at her home, 347 East Washington street, at the age of seventy-nine years. Mrs. Dinklage was a native of Germany.

Death was due to the infirmities of age, and though very feeble for some time, her death was not regarded as immediately probable until within a short time before she peacefully slept away. Surviving are three children—Mrs. Henry Wendelin, Tony Dinklage and Miss Anna Dinklage.

Deceased was a member of St. Mary's Catholic church. The funeral announcement will be made later.

THE MARKETS.

Chicago, March 29.—Corn continued the leader of speculative markets on board of trade today. FIREMAN WAIBEL MEETS WITH SAD ACCIDENT.

NEW PENNSYLVANIA FLYER

ROAD FOREMAN COLMEY GIVING BIG ENGINE A TRIAL.

OFFICIAL INSPECTION TOUR

WILLIAM BORNER AND STAFF OUT ON THE LINE.

George Weibel was brought to the city at 4 o'clock yesterday afternoon and taken to the home of his relatives, on West Jefferson street, suffering from injuries sustained in a railway wreck at Bremen, on the Baltimore and Ohio railroad, Wednesday night. Mr. Weibel is a fireman on the road mentioned and received his injuries in a collision, the particulars of which are given in the following telegram:

"Goshen, Ind., March 29.—Arthur Talbert, of Garrett, aged 30 years, Baltimore and Ohio freight engineer, was instantly killed Wednesday at Bremen in a collision between two eastbound freights. The head train was pulling on to the main line from the siding. Talbert was on the second engine of the double header, and did not see the danger. The crew on the head engine was saved by jumping. Fireman George Weibel, of Fort Wayne, was badly hurt, but will recover. Talbert leaves a wife and two children. There is considerable wreckage, and the loss to the railroad company will amount to several thousand dollars."

Dr. E. J. McOscar is attending Mr. Weibel and from him it is learned that the young man's injuries are not as serious as stated in the foregoing telegram. He is painfully bruised about the hips and his left arm is broken, but there are no indications of internal injury and the surgeon believes his patient will completely recover.

SPECIAL TRAIN FOR TEACHERS.

Col. R. G. Thompson, of the Wabash, has arranged to run a special train to Anderson, Ind., next week for the accommodation of the teachers who wish to attend the meeting of the Indiana Teachers' association. It is expected that there wil be an attendance of about 125 from this city and vicinity.

TRAVELING MEN'S MEETING.

The National Biscuit company's representatives are holding a meeting in Indianapolis this afternoon and a party of Fort Wayne men are in attendance. They are J. F. Miller, Clem Fox, Frank Bott, W. Butler, Joseph Heit, Myron Downing and A. W. Heit, all traveling salesmen. Last spring this meeting was held in Toledo.

CLERK RESIGNS.

Another vacancy in the clerical ranks of the Pennsylvania freight offices has occurred. Samuel Roush this morning handed his resignation to Agent Kirkland, to take effect as soon as possible. Mr. Roush will return to the farm to assist his aged father, who owns and cultivates a tract of land near Portland, Ind. The vacancy at the freight office has not yet been filled.

MR. BORNER'S SPECIAL.

William Borner, western and division freight agent of the Pennsylvania company, is out on the western end of the Fort Wayne road on a special train today, making an inspection of the freight department. He is accompanied by Supt. J. B. McKim, Trainmaster J. F. Patterson, Union Star Agent H. O. Quicksell, Division Operator J. G. Jennings and W. Downs, Mr. Borner's chief clerk.

BEGIN CONSTRUCTION.

San Pedro, Cal., March 29.—The Los Angeles and Salt Lake railroad has begun the work of construction by preparing to lay seventy-five pound rails along the present right of way of what has been known as the Los Angeles and Terminal railway. When this work is completed the company expects to continue the line to and through the mountain.

HOW TO GAIN FLESH

Persons have been known to gain a pound a day by taking an ounce of Scott's emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking Scott's Emulsion.

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

If you have not tried it, send for free sample to agreeable taste will surprise you.

BRAKEMAN HAS FOOT HURT.

Walter Rowe had a foot injured last evening at Van Wert, Ohio. He is a local freight brakeman on the Pittsburg road, and the injury was sustained while the crew was switching some cars. Mr. Rowe was brought here and is now at his home on the south side. His injuries are not serious.

A BIG PASSENGER ENGINE.

No. 269, one of the class E-2 passenger engines recently built for the Pennsylvania railroad, is here for a trial. It came in with a freight train from Crestline at 7 oclock last night, with Road Foreman C. R. Colmey, Engineer J. E. Long and Fireman Jacob Flaugh in the cab. This morning this engine took the Crestline accommodation, No. 36, out and this evening will bring No. 35 in from the east. Mr. Colmey again accompanied the engine, while Engineer Ben Skinner presided at the throttle and Fireman J. Eggeman handled the scoop and pick. This engine is of the Atlantic type, having four drivers eighty-one inches in diameter and trailers under the firebox. It weighs about eighty tons and is the longest engine ever seen here. In fact, it is so long that it could not be turned at the roundhouse and had to go to the east car shop turntable for that purpose. Though longer than the G-4 engines, No. 269 is not as heavy, the former weighing eighty-one and a half tons. As soon as the journal bearings become adjusted and cease to "run hot" No. 269 will be given a trial with heavy passenger trains, possibly Nos. 8 and 9. She is built for speed as well as power.

CONSOLIDATION ASSURED.

Boston, Mass., March 29.—The Post today says: "The proposed consolidation of the Chicago, Burlington and Quincy Railroad company with the Great Northern and Northern Pacific railroads has reached a final stage. The long delayed plan, it is said, is ready for submission to the Chicago, Burlington and Quincy stockholders. The secret conference of President James J. Hill, of the Great Northern; Charles E. Perkins, chairman of the Burlington board of directors, and ex-Senator Wolcott, of Colorado, at the Victoria hotel, in this city, on Wednesday, is believed to have settled the question. The plan provides, it is said, for the purchase of Chicago, Burlington and Quincy bonds at 187½ in 3½ per cent guaranteed bonds or 180 in cash. It is not known whether the proposition contained a guarantee to the stockholders of the proposed 7 per cent. The large Chicago, Burlington and Quincy stockholders do not manifest pleasure over the rumors of a deal. The plans were laid some time ago. Wednesday's conference was prolonged and at its close President Hill and Senator Wolcott hurriedly departed for the west. Mr. Wolcott had been in Boston since March 17, talking over matters pertaining to the consolidation."

Traffic out of Pittsburg at present is the heaviest ever known. On Monday last over 400 cars were sent out of Pittsburg in seven hours, carrying railroad materials, such as ties, timber and rails; of the latter 150 carloads were shipped.

The Lake Shore has another congestion of business. At Toledo, on Tuesday, there were 1,500 loaded cars to move and no power to move them, every engine being in service, and the same condition exists with other Toledo roads, it is stated.

In the Jefferson circuit court C. M. Philpot was awarded $250 damages for loss of a bloodhound killed by a train on the Iron Mountain railway track, while the bloodhound was trailing a criminal. The railway company will appeal the case. Philpot is chief of police of Pine Bluff.

W. E. Brower, whose death was mentioned in these columns yesterday, was crushed about the head and shoulders by cars. He was engaged in moving some old cars from which the drawbars had been removed and which were fastened together by means of chains. One of the members of the switching crew was under a car securing the chain and Mr. Brower stood at the end of the car, stooping and watching his comrade at work. Just at that moment the engineer backed up and Mr. Brower was caught between the end sills and crushed to death. The man under the car saved himself by catching hold of the car and dragging about ten feet. The remains were taken out to the Brower cemetery for interment this afternoon.

GRAPHOPHONES TEACH PRONUNCIATION.

In the study of foreign languages, says the Hastings, Mich., Herald, the graphophone seems to have found a useful place. Grammar and technicalities may be acquired without a teacher, but one cannot teach one's self pronunciation. Hence to the many obliged to learn a foreign language without the aid of a teacher, graphophone records of language lessons are the greatest help, as the machine can repeat the words over and over again until familiarity with the sounds is obtained.

The Columbia Phonograph Co., No. 88 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

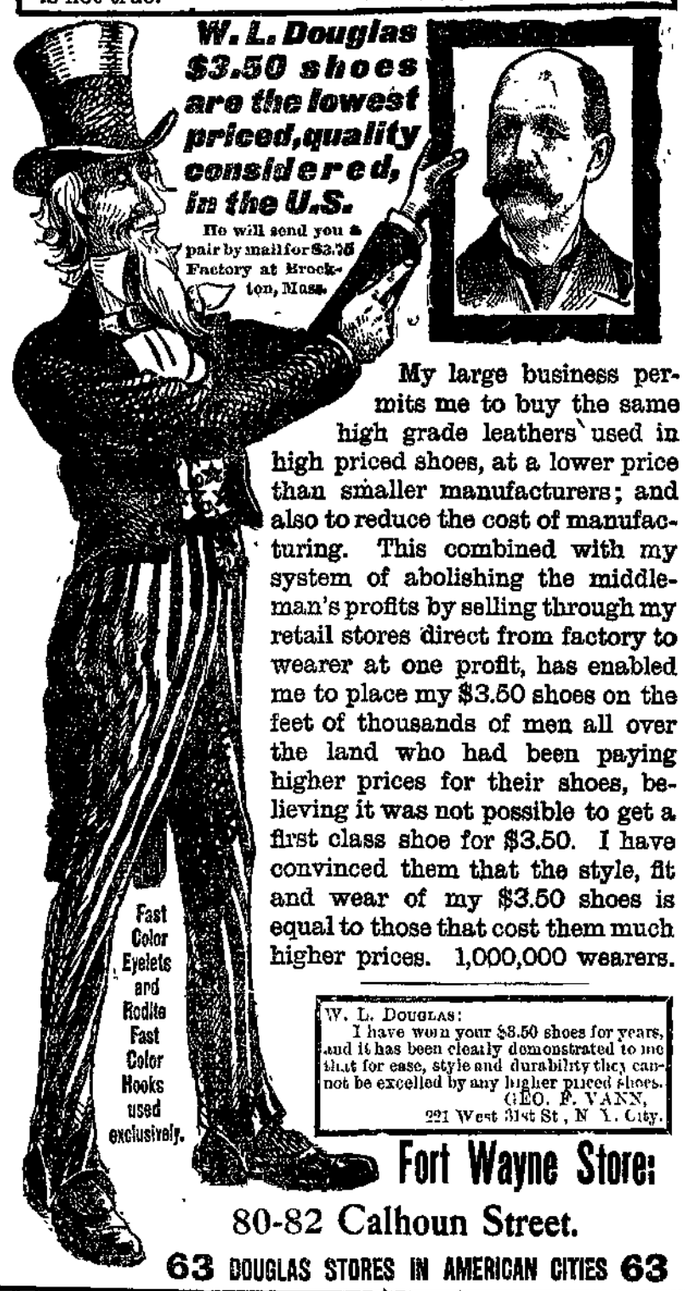
W.L. DOUGLAS $3.50 SHOE UNION MADE

My $3.50 shoes, placed side by side with high priced shoes, are found to be just as good, and it is impossible to see any difference. I make and sell more men's fine shoes, Goodyear Welt (Hand-Sewed Process) than any other manufacturer in the world. I will pay $1,000 to any one who can prove that my statement is not true. (Signed) *W. L. DOUGLAS.*



W. L. Douglas $3.50 shoes are the lowest priced, quality considered, in the U.S.
He will send you a pair by mail for $3.50 Factory at Brockton, Mass.
Fast Color Eyelets and Rodite Fast Color Hooks used exclusively.

My large business permits me to buy the same high grade leathers used in high priced shoes, at a lower price than smaller manufacturers; and also to reduce the cost of manufacturing. This combined with my system of abolishing the middleman's profits by selling through my retail stores direct from factory to wearer at one profit, has enabled me to place my $3.50 shoes on the feet of thousands of men all over the land who had been paying higher prices for their shoes, believing it was not possible to get a first class shoe for $3.50. I have convinced them that the style, fit and wear of my $3.50 shoes is equal to those that cost them much higher prices. 1,000,000 wearers.

W. L. DOUGLAS:
I have worn your $3.50 shoes for years, and it has been clearly demonstrated to me that for ease, style and durability they cannot be excelled by any higher priced shoes.

WILL SIGN TREATY

CHINA TO GIVE SIGNATURE NEXT WEEK TO

THE MANCHURIAN AGREEMENT

RUSSIA STILL PROTESTING IN MODUS VIVENDI.

NEVER INTENDED OTHERWISE

MAKES IMPRESSION OF GOOD FAITH.

St. Petersburg, March 29.—It is probable that the Russo-Chinese Manchurian treaty will not be signed before Monday or Tuesday, at the earliest. The delay is due to the dilatoriness of the Chinese government, or to the natural difficulties of communicating between the Chinese court, Pekin and St. Petersburg.

It is not believed that the indisposition of Yang Yu, the Chinese minister at St. Petersburg, will prevent him from going to the foreign office when invited to do so.

MERELY A MODUS VIVENDI.

Washington, March 29.—It is stated on excellent Russian authority that the Manchurian convention has from the first been regarded simply as a modus vivendi. It was this phase of the subject which Count Cassini brought to the attention of Secretary Hay yesterday, and simultaneously it appears to have been impressed upon the minds of the British officials, as Lord Lansdowne announced to the house of lords that the convention, viewed as a modus vivendi, might not present the objections heretofore held against it.

The Russian authorities at Washington have all along construed the convention as a modus vivendi, although Count Cassini has now made this rather plainer to Secretary Hay.

It is explained that the term modus vivendi, as applying to the present convention, means that abnormal conditions have arisen in Manchuria and that normal conditions can best be restored by means of a modus.

The chief purpose of the modus, it is explained, would be to provide for the evacuation of Manchuria by the Russian troops, as their presence there is part of the abnormal condition brought about by the disturbances. But with these forces withdrawn Russia expects assurances will be given that quiet will be maintained and that the former normal condition will be in fact restored.

When the old state of things is thus restored, it is the Russian view that the modus vivendi will cease to operate, as its purpose will have been secured of correcting the abnormal conditions brought about by the Chinese outbreak and the dispatch of a large Russian force to different points in the province.

It is said that the integrity of China will be completely preserved and that nothing in the nature of a Russian protectorate or suzerainty will exist.

Neither the Russian ambassador nor the Chinese minister has received any word as to the final action on the convention. The Chinese minister was at the state department today, having returned from a three days' visit to New York. He is without advices, however, since the last dispatch from the several viceroys expressing the hope that the United States will induce Russia not to press the convention. In some diplomatic quarters it is pointed out that the term modus vivendi implies that Russia has certain distinct territorial rights in Manchuria and that it in no way mitigates the character of the convention.

JAPAN MAKING A SHOWING.

Tokio, March 29.—The newspapers here say it is proposed to relieve the Japanese troops in the Chinese province of Pe-Chi-Li by a force 50 per cent. stronger.

Although May is the usual month in which the relief of the forces at Seoul takes place, the relief of the troops there will take place immediately. Three officers of the headquarters staff will also proceed to Corea.

These movements, with the usual activity at the arsenals, is taken to point to the adoption of a strong policy by Japan.

FORT WAYNE MAN PROMOTED.

Ernst Neihoff, who has represented the Metropolitan Life Insurance company as assistant superintendent here for a year past, left last Saturday for Loraine, Ohio, where he has accepted a position as district manager for the same company at a largely increased salary. His new position is similar to the one held by Mr. Ten Broeck, of Fort Wayne, and is an acknowledgment of Mr. Neihoff's efforts during his years of labor with the company. The office here is in charge of Mr. Drummond for the present, but a new assistant will probably arrive within a few days.

OLD SCALE TO STAND.

Pittsburg, Pa., March 29.—The coal operators of the Irwin field posted notices at all the mines today that the rate of wages for the ensuing year from April 1st will remain the same as last year. The notice is taken as an indication that the operators will not meet the mine workers in conference on the question of adopting the Pittsburg scale and an effort may be made to enforce a strike. There are 25,000 miners in the Irwin district, but the operators claim that only 10 per cent are in the union and the others are satisfied with the scale and conditions.

ARTILLERY GETS CARBINES

ADDITIONAL EQUIPMENT FOR BATTERY B.

Outfit of Springfield Forty-five-Calibre Guns Arrived Thursday—Additional Drill.

Under a new departure in the Indiana national guard the artillery branch of the service is to be equipped with carbines in addition to other arms and the new outfit for battery B arrived in Fort Wayne Thursday.

There are sixty modern Springfield carbines, 45-calibre, together with the belts and slings, and the outfit will be issued to the members at the next meeting of the battery. The new equipment means an additional drill for the artillerymen, though they have already managed to find enough to put in the time profitably. The drills will now include the handling of the modern 3.2 rifle, the Hotchkiss gun, the sabre, pistol and the carbine.

THE CASES WERE DISMISSED

THE HAIBERS, HEDGES AND LAUER DISCHARGED.

Hazel Wright Signed Affidavits Because a Constable Asked Her to Do So.

Yesterday afternoon in Prance's court and this morning in Bullermann's court the several cases against William and Charles Haiber and John Hedges and Peter Lauer were dismissed. All these affidavits were filed by Hazel Wright, a woman of bad repute. It was found in the first place that there is no real Hazel Wright, the woman's name being Lillian Porter, and it also developed that she knew nothing of the trouble between the parties. Deputy Constable McDaniel says the affidavits were handed to him by the prosecutor without signature and he was instructed to get somebody to sign them. He met the Porter woman on the street and asked her whether she would sign them and she consented. She has signed other affidavits when asked to, and altogether the whole business has a very bad odor. McDaniels was asked by The Sentinel whether he had instructions to get the Porter or Wright woman to sign them and he said no, but that she had signed other affidavits. When these facts were developed the justices promptly threw the matters out of court.

John Bickel, of New Haven, arrested yesterday for running a slot machine, entered a plea of guilty in Huser's court and was fined $5 and costs. He paid.

Anna Krick has filed an affidavit in Prance's court charging Fred Worden with being the father of her unborn child. The parties live near Maysville and the case will be tried tomorrow afternoon.

William Braun, the electrician, has invented an attachment for phonographs which prevents the scraping and grating noise made by the reproducer on small machines, and he will have the invention patented. Mr. Braun will negotiate with an eastern firm for the sale of the attachment.

SEES HIS CHIEFS

AGUINALDO CONFERS WITH TAGALOG LEADERS.

SOME OF HIS CABINET THERE

HOPELESSNESS OF STRUGGLE POINTED OUT TO HIM.

SAYS IT IS NOT AGUINALDO

EUROPEAN AGENT DECLARES A COUSIN WAS CAPTURED.

Manila, March 29.—Aguinaldo today conferred in the Tagalog language at the Malacanan palace with several former members of his cabinet and other prominent Filipinos, whom he had asked to see. They explained to him the hopelessness of the insurgent cause and advised him to use his influence to establish peace and for the recognition of American sovereignty. The result of the conferences is as yet unknown.

Aguinaldo is now detained in a comfortable room in a wing of the Malacanan Palace. He is in charge of Captain Benjamin H. Randolph and Lieutenant Gilbert A. Youngberg, of battery G, Third artillery.

When Aguinaldo was captured he wore a plain dark blue suit, with the coat closely buttoned at the throat, and a wide, white helmet, with a leather band. He takes his capture philosophically. He is generally cheerful, but sometimes moody. His health during the past year has been very good. It is uncertain what attitude he will now assume.

Certain visitors are permitted to see Aguinaldo, but newspaper interviews with the prisoner are not allowed.

Since Aguinaldo has been domiciled at the Malacanang palace persons not provided with special permits have been denied admission to the grounds.

General Trias, the commander of the insurgent forces in southern Luzon, who recently surrendered to the American authorities, visited Aguinaldo and told the latter why he surrendered.

Trias said that a continuance of armed opposition to the United States was unjustifiable and ruinous, that the independence of the Philippines was impossible and that the Filipinos would better accept liberty, prosperity and progress under American rule.

The capture of Aguinaldo, following the surrender of General Trias, will probably occasion the surrender of the insurgent leaders Malavar, in Batangas province, Luzon; Bellarmino, in Albay province, Luzon, and Lucban in the Island of Samar, within a month.

Many people visited the residence of General and Mrs. Funston, on the Calle Real, in the suburb of Ermita. The general modestly declined to talk.

Mrs. Funston was evidently the happiest woman in the Philippine islands.

General Funston has been recommended for the highest practicable reward. It is believed here that he will receive an appointment as brigadier general in the regular army.

The first execution in Manila under American rule took place today at Fort Malate where five natives were hanged for the murder of Archibald Wilson, an Englishman, superintendent of the waterworks. The motive for the murder was robbery.

Twelve thousand Filipinos have taken the oath of allegiance to the United tates at San Vicente, South Ilocos province.

SAYS IT IS NOT AGUINALDO.

Paris, March 29.—An interview with Regidor Jubedo, who claims to be the Filipino agent in Europe, is published here.

He says he has received the following cablegram from New York:

"According to precise information the man captured is not President Emilio Aguinaldo, but Baldomero Aguinaldo, chief of the general staff and Emilio's cousin."

STAR CLAIMED FOR FUNSTON.

Washington, March 29.—The Kansas congressional delegation has decided to urge the president to appoint General Funston a brigadier general in the regular army as a reward for his daring capture of Aguinaldo.

This afternoon Senator Burton and Representatives Long and Curtis, the only members of the delegation in the city, will call upon the president for that purpose. The members of the Kansas delegation do not consider that a brigadier-generalship would be too great a reward for General Funston's exploit, and point to General MacArthur's recommendation that he be appointed to that grade as complete demonstration of the great service he has rendered to the government. They are exceedingly warm in their praise of General MacArthur for giving the entire credit of the expedition to Funston.

In view of his recommendation they do not believe that the president will hesitate to bestow upon the gallant Kansan the star he has won.

They would not be surprised, however, if considerable opposition to giving Funston a brigadier generalship should develop at the war department. There is no disposition in the regular establishment to belittle General Funston's exploit, especially since the receipt of General MacArthur's dispatch giving full credit to Funston, but there would naturally be opposition there to jumping a volunteer officer 35 years of age into the grade of brigadier general and the Kansas delegation recognizes this fact.

STORY OF THE CAPTURE.

Manila, March 29.—The story of the capture of Aguinaldo was told by General Funston last evening. It was a graphic story, related in simple, direct style, and from it has been secured the following details:

On January 24 a detachment of General Funston's troops captured at Punta Bangan, province of Nueva Ecija, a confidential messenger from Aguinaldo's headquarters at Palanan, Isabella province, who was carrying letters to the various insurgent chiefs asking them to send reinforcements. These letters were dated January 11, 12 and 14.

On February 8 one of Aguinaldo's staff officers surrendered to Lieutenant Taylor, of the Twenty-fourth infantry. This officer had in his possession valuable correspondence which told of Aguinaldo's whereabouts and the strength of the force with him. One of the letters was addressed to Baldomere Aguinaldo, ordering him to take command of the insurgents in central Luzon and to send 400 riflemen to Aguinaldo's headquarters.

AIDS FUNSTON'S PLAN.

General Funston already had in his possession the baggage of the Filipino General Lacuna, including many official papers, a quantity of correspondence and Lacuna's private seal. He immediately conceived the project of capturing Aguinaldo by strategy and laid his plans before Governor General MacArthur, who approved them.

With the captured correspondence to guide him, General Funston prepared two letters, ostensibly written to Aguinaldo by the insurgent General Lacuna. One of these letters contained information as to the progress of the war. The other asserted that, pursuant to orders from Baldomero Aguinaldo, Lacuna was sending his best company to President Emilio Aguinaldo.

ORGANIZES AT MANILA.

Funston organized his expedition in Manila. He selected seventy-eight Maccabebes, all of whom spoke Tagalog fluently. Twenty wore insurgent uniforms and the others the dress of Filipino laborers. This Maccabebe company, armed with fifty Mausers, eighteen Remingtons and ten Krag-Jorgensens, was commanded by Capt. Russell T. Hazzard, of the Eleventh United States volunteer cavalry. With him was his brother, Lieut. Oliver P. M. Hazzard, of the same regiment. Capt. Harry W. Newton, Thirty-fourth infantry, was taken because of his familiarity with Casiguran bay, and Lieut. Burton J. Mitchell, Fortieth infantry, went as General Funston's aid. These were the only Americans accompanying the expedition.

With the Maccabebes were four ex-insurgent officers, one being a Spaniard and the other three Tagalogs, whom General Funston trusted implicitly.

General Funston and the officers wore plain blue shirts and khaki trousers. They carried each a half blanket, but wore no insignia of rank. The Maccabebes were carefully instructed to obey the orders of the four ex-insurgent officers.

START MADE ON MARCH 6

On the afternoon of March 6 the party embarked on the United States gunboat Vicksburg. It was originally intended to take canoes from the island of Polillo and to drift to the mainland, but a storm arose and three of the canoes were lost. This plan was abandoned. At 2 a. m., March 14, the Vicksburg ran inshore twenty-five miles south of Casiguran, province of Principe.

NAMES ITHE MEN

WHO WILL CONTROL THE FORT WAYNE POLICE.

GEAKE, BASH AND TRENTMAN

APPOINTED THIS AFTERNOON BY GOVERNOR DURBIN.

MEN ARE ALL WELL KNOWN

TWO OF THE APPOINTMENTS WERE EXPECTED.

[Special to The Sentinel.]

Indianapolis, March 29.—Governor Durbin this afternoon appointed the following police commission for Fort Wayne under the new law amending the Fort Wayne charter:

Charles S. Bash.
William Geake.
Anthony B. Trentman.

The governor has had these names with several others under advisement for several days, but those in a position to know believe his mind was made up before he left for his short vacation at West Baden.

The announcement of these appointments will occasion little surprise. It has been almost a foregone conclusion for two or three weeks that Messrs. William Geake and Charles S. Bash would be members of the commission. The identity of the democratic member was difficult. Among those mentioned were Charles Scheimann, William Borgman, Capt. W. F. Banke, A. B. Trentman and others.

It was understood that the governor was exceedingly well disposed to Mr. Trentman for personal as well as other reasons and anxious to make the appointment, but that there was opposition to Mr. Trentman because of his brewery interests.

Charles S. Bash is the well known Columbia street merchant and has been prominent in Fort Wayne republican politics for a number of years. He was a McKinley spellbinder during the last campaign and served as chairman of the board of public safety during the Oakley reign in '94 and '95.

William Geake, the stone contractor, is one of the most prominent republicans in the city. He was a candidate for mayor against Mayor Scherer three years ago and has been spoken of as a formidable candidate since and is extremely popular with men of all parties. He is a thirty-third degree Mason and will likely be a candidate for state treasurer next year. His appointment was a foregone conclusion.

A. B. Trentman is an extensive manufacturer and capitalist engaged largely in the paper industry, holds a large block of stock in the Berghoff brewery and has large holdings of real estate. His appointment, while not a genuine surprise, was nevertheless not expected.

THE TRADES COUNCIL FAIR.

The program committee of the trades and labor fair started out on their canvass this morning and report excellent success. The fair will be given at Saengerbund hall, commencing on Wednesday night following Easter and continuing ten days. The fair will be more in the nature of an exposition than anything heretofore attempted in that line and many merchants and manufacturers are taking an active interest and will make creditable displays. One of the most characteristic displays will be that of the Edmunds Electric Construction company, which will make one of the finest electrical exhibits ever seen in this city. There will be booths of many kinds, but no contests. The absence of the latter will be in the nature of an innovation and will add largely to the attendance. A small admission fee will be charged and for this the visitor will have value received in the numerous attractions and entertainments which will be given every night.

FRACTURED HIS SHOULDER

Henry Spuhler, proprietor of a Harrison street meat market, fell from his bicycle on West Berry street last evening, dislocating his left shoulder and fracturing the bones of the shoulder. He was removed to St. Joseph hospital, where Drs. C. B. and G. E. Stemen gave him surgical attention, and later Mr. Spuhler went to his home. The injury is a very painful one.

NEW YORK LABOR BULLETIN.

Albany, N. Y., March 29.—State Commissioner of Labor McMackin has issued his quarterly labor bulletin. Among other things it says: "Negotiations are progressing toward a compact between the American Newspaper Publishers' association and the International Typographical union which, if adopted, will establish the peaceful methods of arbitration in place of strikes or lockouts in that large part of the printing industry controlled by the Publishers' association."

HAD A ROUGH PASSAGE.

Vancouver, B. C., March 29.—The British bark Beechdale, Captain Knox, has arrived here from Liverpool after a stormy passage, during which the vessel narrowly escaped foundering. She lost three of her men, one of whom was swept overboard, another fell to the deck and was killed, while the third died from exposure. The men lost were Second Mate Petrie and Seamen Allen and McGregor.

MORE RURAL FREE DELIVERY

EIGHTH ROUTE IS LIKELY TO BE ESTABLISHED.

Citizens Near Academie to Be Recompensed for the Passing of Their Postoffice.

The postoffice at Academie, north of Fort Wayne, is to be abolished April 15, but citizens in that section are likely to be more than recompensed for its removal by the establishing of another route for the free delivery of mail through the rural districts.

Francis M. Dice, of Indianapolis, special agent of the postoffice department in charge of the middle division, was in the city today, and together with Edwin Brower, drove north over the route for which a petition was filed some time ago. The petition asked that the route leave the city over the Auburn road and return by way of the Coldwater road, but as these thoroughfares are but a mile apart it is likely Mr. Dice will specify some changes in the route in order to cover a greater area of territory before he recommends the creation of the route.

That it will soon be established there is little doubt, and it is equally probable that Mr. Bowser will be recommended for carrier. The route will be No. 8 from this city.

SCOFF AT KAISER

BERLIN NEWSPAPERS ATTACK HIS SPEECH

TO ALEXANDER REGIMENT

HIS TALK OF REVOLUTIONS ALTOGETHER WILD.

HE IS IGNORANT OF HISTORY

IN CITING THE GERMAN UPRISINGS OF 1848

Berlin, March 29.—The conservative papers today do not discuss Emperor William's speech to the Emperor Alexander Grenadier regiment at their new barracks yesterday, but the liberal papers generally comment on his majesty's utterances, emphasizing the statement that the emperor is ill informed concerning the character of the March (1848) revolution in Berlin. The National Zietung expresses its inability to comprehend what current events induced the emperor to refer to the revolution of 1848 and says it does not see any signs of his majesty needing a bodyguard.

The Vossiche Zeitung is also unable to see any occasion for the emperor's words, since nobody in Berlin is thinking of a revolution and his majesty's predecessors repeatedly recognized the loyalty of Berlin's population.

The Vorwaerts cites a number of previous speeches of the emperor, exhorting the soldiers to fight for him when necessary, and claims it has authentic information that his words were literally as follows:

"If the city of Berlin should again impudently and disobediently rise against the king, as in 1848, then my grenadiers, it will be your duty, with the points of your bayonets, to annihilate the impudent and disobedient."

The Tageblatt is amazed and asks what has occurred to justify the emperor's words. It points out that the revolution of 1848 was not directed against the Hohenzollern dynasty and appeals "from the ill-informed emperor to the emperor rightly informed."

READY FOR THE TRANSFER.

(Lafayette Courier.)

There is a strong possibility that the transfer of the Lafayette street railway to the Lafayette, Purdue and Northern Traction company will take place within the next day or so. The mortgage of $800,000 has been recorded here and was sent to New York by Mr. Nichols yesterday. As soon as it arrives there the transfer of the property is expected to follow. The county recorder worked day and night recording this huge document in order that the transfer could be made this week. Hugh A. Holmes, of Detroit, president of the new company, is in New York to look after the transfer. A meeting of the directors of the new company will doubtless be held here next week and it is certain that extensive improvements will be made to the system. All is in readiness for the transfer and there now seems to be no doubt that the street car line will pass into other hands.

The new company is the one in which A. A. Furman, of this city, is an officer and a prominent stockholder.

WILL EMPLOY FILIPINOS

Washington, March 29.—The civil service commission has decided to request the Philippine civil service board at Manila to hold regular classified service examinations to secure about fifteen well educated Philippine men between the ages of eighteen and twenty-five for service as aids in the coast and godetic surveys, which plans to press its work in that archipelago beginning about June 1. One of its officials is already at Manila. The prospective Filipino appointees will receive $720 a year salary to begin with and must have qualifications that include the higher mathematics, astronomy, physics, surveying, geography and two modern languages.

SEES HIS CHIEFS

(Continued from First Page.)

entered a lonely cove. The small boats were lowered alongside and those who were to take part in the risky venture were soon in them and on their way to the beach. Not the slightest suspicion was aroused by the landing party and as soon as they were safely ashore the boats put back to the Vicksburg, which at once stood out to sea with the understanding that it was to return and pick up the party if it was successful.

The expedition was nominally under the command of Hilario Placido, an ex-colonel of the insurgent army. The other three ex-insurgents pretended to be officers of lesser rank.

ARRIVAL AT CASIGURAN.

The party reached the town of Casiguran at daylight on the morning of March 14. Arriving there the ex-insurgent officers, ostensibly commanding the party, announced that they were on the way to join Aguinaldo, between Pautobang and Baler; that they had surprised an American surveying party, and that they had killed a number, capturing five. They exhibited General Funston and the other Americans as their prisoners.

The insurgent authorities at Casiguran believed the story and supplied the party with food and quarters.

IN PRISON THREE DAYS.

General Funston and the other American officers were kept imprisoned at Casiguran for three days, secretly giving their orders at night. In the meantime the insurgent presidente of Casiguran undertook to forward to Aguinaldo at Palanan the two letters previously concocted by General Funston and supposed to have been signed and sealed by Lacuna.

With the letters was sent a third announcing that en route the reinforcements had had an engagement with Americans and that five men armed with Krag rifles had been captured.

FINAL START FOR AGUINALDO

On the morning of March 17, taking a small quantity of cracked corn, the party started on the march to Palanan. The country is rough and uninhabited and provisions could not be secured. The party ate small shell fish, but were almost starved. Wading swift rivers, climbing precipitous mountains, and penetrating dense jungles, they marched six days and nights.

When they reached a point eight miles from Aguinaldo's camp they were almost exhausted from lack of food and the fatigue of the march. They stopped at this place and sent a message to Aguinaldo requesting him to send food to them.

The ruse thus far had worked with the greatest success, and on March 22, when Aguinaldo sent provisions, it was seen that he did not have the slightest suspicion. With the food he sent word that the Americans were not wanted in his camp, but instructing their supposed captors to treat them kindly.

On March 23 the march was resumed, the Maccabebe officers starting an hour ahead of the main body of the expedition. The "prisoners," under guard, followed them.

MET BY STAFF OFFICERS.

The column was met by the staff officers of Aguinaldo and a detachment of Aguinaldo's bodyguard, which was ordered to take charge of the Americans.

While one of the ex-insurgent officers conversed with Aguinaldo's aid, another, a Spaniard, sent a courier to warn General Funston and the eleven Maccabebes. Having received this warning, General Funston avoided Aguinaldo's detachment and joined the column, avoiding observation.

AGUINALDO'S CAMP REACHED.

When the party arrived at Aguinaldo's camp a bodyguard of fifty riflemen was paraded, and the ex-insurgent officers were received at Aguinaldo's house, which was situated on the Palanan river.

After some conversation with him, in which they gave the alleged details of their supposititous engagement with the American force, they made excuses and quietly left the house.

PLANS NEARLY DISCOVERED.

At this point the whole plot was in danger of being discovered. One of Aguinaldo's aids was noticed to be watching the supposed American prisoners suspiciously. Before he could communicate his suspicions to his brother officers, Colonel Placido, the former insurgent, and ostensibly in command, exclaimed in Spanish: "Now, Maccabebes, go for them." The Maccabebes opened fire and three insurgents were killed at the first volley. The rebels returned the fire.

On hearing the firing Aguinaldo, who evidently thought his men were merely celebrating the arrival of reinforcements, ran to the window and shouted: "Stop that foolishness; quit wasting ammunition."

The Maccabebes fired two more volleys and Aguinaldo's soldiers, panic-stricken by the sudden turn in affairs, broke and ran in consternation. Two of them were killed and eighteen wounded.

GRAPPLES WITH AGUINALDO.

Simultaneously with the delivery of the volleys the American officers rushed into Aguinaldo's house, accompanied by Colonel Placido. The latter threw his arms about Aguinaldo, exclaiming: "You are a prisoner."

Aguinaldo called on the members of his staff for help. Colonel Villa, Aguinaldo's chief-of-staff; Major Alambra and other Filipino officers attempted to rescue their leader. Colonel Placido and the Americans opened fire. The insurgent Colonel Villia was wounded in the shoulder by Colonel Placido and was overpowered by General Funston before he could offer further resistance. Santiago Barcelona, the insurgent treasurer, was also captured. The insurgent Major Alambra was wounded, but jumped from a window, swam the river and escaped. Two captains and four lieutenants made their escape in a similar manner.

AGUINALDO IS FURIOUS.

Aguinaldo was furious at having been caught, but later he became philosophical and declared that the ruse by which he had been captured was the only one which would have proved successful if the Americans had tried for twenty years. He admitted that he had come near to being captured before, but he asserted that he had never been wounded, adding, "I should never had been taken except by a stratagem. I was completely deceived by Lacuna's forged signature." He feared he might be sent to Guam, and he was glad to come to Manila.

AT PALANAN SEVEN MONTHS.

General Funston secured all of Aguinaldo's correspondence, showing that he had kept in close touch with the sub-chiefs of the insurrection in all parts of the archipelago. It was also discovered that Aguinaldo on January 28 had proclaimed himself dictator. He had been living at Palanan for seven months, undisturbed, except when a detachment of the Sixteenth infantry visited the town. On that occasion the entire population took to the mountains and remained there until the troops retired.

The expedition reached on March 24 and then marched sixteen miles the following day to Palanan bay, where General Funston found the Vicksburg, which brought him to Manila.

IS A CHEERFUL PRISONER.

Aguinaldo, who talked freely of past events, said he supposed General Trias would proclaim himself dictator, evidently not knowing that Trias had surrendered. He behaved courteously and gave no trouble.

General Funston speaks highly of Commander Barry, of the Vicksburg, whose skill had much to do with the success of the expedition. General Funston will recommend that suitable recognition be made by the government of the services rendered by the Maccabebes.

THE BOY WAS NOT KIDNAPED

A MILAN TOWNSHIP SENSATION IS SPOILED.

Father and Son Detained in Chicago on Request of Fort Wayne Police, Are Released.

The Chicago American today prints the following story and advertisement:

"An old man and his little son, about to be separated through the unwarranted interference in a family's affairs by the police of two cities, wept in each other's arms at the central station last night. The freedom of both was restored by the Chicago American, whose aid was solicited by the distracted parent.

"Julius Spreer, 65 years old, and his 10-year-old son, Harry, were arrested at the Rock Island depot at 8 o'clock as they stepped from a train from Fort Wayne, Ind. The only authority for their apprehension was this telegram, signed by H. A. Gorsline, chief of police of Fort Wayne:

"'Please get 11-year-old boy with man about 66 on Nickel Plate No. 3. Return boy over first train. Let old man go. Notify immediately and will deposit money with Nickel Plate agent here.'

"In spite of the tearful protests of both the father and his boy, these instructions were being carried out by Lieutenant George Perry, of the central detective bureau, when Mr. Spreer appealed to the officers to notify the American of his predicament. A representative of this paper investigated the affair and learned from the old man that he was on his way to Milwaukee, near which city he was going to purchase a farm, and that his wife had objected to his taking his son with him because she did not wish to leave their present home. His statements appeared truthful, and Attorney Isaac Abrams was consulted with a view to suing out a writ of habeas corpus. Then it was that Lieutenant Perry began to think. He decided it were better to learn something more before he sent the boy back to Fort Wayne. He called up the chief of police of that town and asked for particulars.

SETS FATHER AND SON FREE.

"'I sent the telegram for a friend, an agent of the Humane society, who had been talking with Mrs. Spreer. That's all I know about it,' explained Chief Gorsline.

"'Then I refuse to take the responsibility of acting any further,' declared Perry. 'I shall release them both,' and he hung up the receiver. Turning to the father and son, he told them they were free.

"Mr. Spreer's story as related to the American is this:

"Twenty years ago he married Anna Lurtz, who had been his housekeeper for a number of years. They lived and prospered on a farm in Milan township, fourteen miles south of Fort Wayne. Recently he determined upon selling his property and removing to the vicinity of Milwaukee, where many of his friends own homes in a German settlement.

WIFE OBJECTS TO MOVING.

"His wife strongly objected, but he started for his destination yesterday, taking his son Harry along for company. He left $200 at home for household expenses until his return, taking over $600 with him. After his departure, it seems, neighbors of his wife talked to her and persuaded her that her husband was doing wrong in leaving the community, where they both had so many friends, and that if the boy were taken from him he would give up the project. Then Mrs Spreer went to Fort Wayne and asked the assistance of the Humane society in settling her family troubles.

"'She consented to my taking Harry with me,' said Mr. Spreer, 'although she did not want either of us to go. We have five other children. I don't see why the police want to mix up in our affairs.'

"After their release Mr. Spreer said he had been made to miss his train for Milwaukee and knew no one. The police agreed to protect him for the night against thieves and sent him and his son to the Harrison street annex."

At the police station the story runs a trifle different regarding the amount of money left behind by Mr. Spreer. Mrs. Spreer, accompanied by a number of her Milan township neighbors, came to the city last evening and reported the matter to Humane Officer Schlaudroff. They said that Spreer had sold his property and taken all of the money with him, leaving nothing behind for the family. He and his wife had been having considerable trouble of late, and it was believed that he had left for good and taken the boy with him. They represented that the boy wanted to stay with his mother, but that the old gentleman compelled him to go with him against his will and stated further that he had frequently misused and abused the little fellow. They did not know where the pair had gone until they reached this city, when they learned that he had bought a ticket and boarded a Nickel Plate train. Officer Schlaudroff accordingly went to the police station and laid the matter before Captain Whitney, who sent the telegram as above stated, signing the superintendent's name. Later when the Chicago officers telephoned Captain Whitney regarding the matter they informed him that the boy was not only willing to accompany his father, but was anxious, and refused to be separated from him. After receiving this information Captain Whitney told them he had no claim on them and they might be released. He communicated this fact to Mrs. Spreer and her friends and they departed at once for their country home.

BEGAN BANKRUPTCY ACTION

AGAINST BELDEN - LARWILL ELECTRIC COMPANY.

Creditors Ask That Company Be Adjudged Bankrupt—Mrs. Mary E. Graffe Files a Petition.

In the federal court Thursday afternoon Charles H. Besley, of Chicago; the Benedict and Burcham Manufacturing company, of Waterbury, Conn., and O. N. Heaton, of this city, filed an action in involuntary bankruptcy against the Belden-Larwill Electric Manufacturing company, asking that the concern be adjudged a bankrupt.

The petitioners set forth that they have claims against the company aggregating nearly $1,500, and allege that the company committed an act of bankruptcy in paying certain claims, thereby showing preference for particular creditors.

WOMAN FILES PETITION.

Mrs. Mary E. Graffe, of this city, has filed a petition in voluntary bankruptcy, scheduling liabilities of $7,019.25, contracted by the defunct firm of Fred M. Graffe & Co., in which Mrs. Graffe was a partner. Household goods, valued at $225, are petitioner's only assets. Most of the creditors are outside jewelry firms. The petition is the first of its kind to be filed in the local court by a woman since the bankruptcy law went into effect.

A SUIT FOR DAMAGES.

The suit of L. Emma Teague, of Wabash, vs. the Travelers' Protective Association of America was this morning transferred from the circuit court at Wabash to the federal court in this city. It is an action in which Mrs. Teague demands judgment for $6,000 damages. In the complaint she recites that her husband, Oliver M. Teague, who died August 18, 1900, at Wabash, was a member of the Travelers' Protective association and that he held a policy of the society providing for the payment of $5,000 in the event of his accidental death. It is further claimed that Mr. Teague's death was the result of an accident, or of two accidents; that on July 23 last he was thrown from a carriage at Bunker Hill, sustaining a broken arm and internal injuries; that on August 8, at Wabash, while still suffering from the effects of the previous fall, Mr. Teague slipped and fell while attempting to enter his carriage, sustaining additional injuries which resulted in his death. The defendant has, it is claimed, refused to pay the amount of the policy of insurance, and the widow asks for judgment for $6,000. J. D. Conner, jr., is her attorney. The case will come up at the June term of the federal court here and Barrett & Morris will appear for the defendant company.

HELD FOR HEAVY FORGERY.

Dayton, O., March 29.—George W. Thatcher, a claim agent, was arrested here yesterday. It is charged that he forged a note for $32,000, using the name of the late P. P. Mast, a Springfield, O., millionaire. Other notes aggregating nearly $200,000 purported to be signed by the late Mr. Mast have also been found by the police. All were made payable to Thatcher as agent of the Mercer Heirs' association, which the police believe to exist only in imagination. Thatcher has been in Europe several times, and it is alleged that his principal occupation has been the stirring up of old claims and leading people to believe that fortunes are due them from estates which have never been finally administered.

SEE WHAT YOUR FELLOW-TOWNSMAN, L. A. CENTLIVRE, HAS TO SAY.

Fort Wayne, Ind., Mar. 27, 1901.

Wright Medicine Co.,
Peru, Ind.

My Dear Sirs:—It is with pleasure I write you concerning your most valuable remedy, known as Wright's Rheumatic Remedy, the great Canadian cure.

I have been a sufferer from sciatic rheumatism in the very worst form for more than two years. I was at Mt. Clemens, Hot Springs and West Baden and found no relief whatsoever. I was entirely discouraged, as it laid me up bedfast most of the time and I could not move a limb. I had given up all hopes of recovery, when one of my employes insisted I should take your remedy. I did so, and after taking one and one-half bottles I was perfectly cured. I can walk straight and all my pains have left me and I am now in the best of health.

I cannot speak too highly of your remedies and anyone wishing to find out its merits can write me and I will be pleased to verify the above statement. Respectfully yours,

LOUIS A. CENTLIVRE.
President of the C. L. Centlivre Brewing Co.

This remedy is for sale at all the leading druggists. Manufactured only by the Wright Medicine Co., Peru, Ind. 28-6t&w2t

ICEMEN HAVE ORGANIZED.

A new labor union was formed in Fort Wayne Thursday evening, embracing the men who are engaged in handling and delivering ice in the city, and a charter will at once be secured from the Team Drivers' International union. Officers have been elected as follows:

President—Harry G. Beyerle.
Secretary—Fred Smeuner.
Treasurer—Fred Schaefer.

The meeting was an enthusiastic one, held under the auspices of the Trades and Labor council's organizing committee, and among those who delivered addresses were Chairman H. J. Hoeltje and E. E. Tanner, state organizer for the Team Drivers' union. Practically every workman connected with the ice business in the city was present and affiliated with the union.

The organizing committee has begun work among the members of several other crafts, and several new unions will shortly be formed. Among these will be the butchers' workmen and the employes of App Brothers' shoe factory. The Messrs. App themselves have asked the Trades council to unionize their shop so that they may place the union label on their products.

AN EASY WAY.

To Keep Well.

It is easy to keep well if we would only observe each day a few simple rules of health.

The all important thing is to keep the stomach right and to do this it is not necessary to diet or to follow a set rule or bill of fare. Such pampering simply makes a capricious appetite and a feeling that certain favorite articles of food must be avoided.

Prof. Wiechold gives pretty good advice on this subject. He says: "I am 68 years old and have never had a serious illness, and at the same time my life has been largely an indoor one, but I early discovered that the way to keep healthy was to keep a healthy stomach, not by eating bran crackers or dieting of any sort; on the contrary I always eat what my appetite craves, but for the past eight years I have made it a daily practice to take one or two of Stuart's Dyspepsia Tablets after each meal and I attribute my robust health for a man of my age to the regular daily use of Stuart's Tablets.

"My physician first advised me to use them because he said they were perfectly harmless and were not a secret patent medicine, but contained only the natural digestives, peptones and diastase, and after using them a few weeks I have never ceased to thank him for his advice.

"I honestly believe the habit of taking Stuart's Dyspepsia Tablets after meals is the real health habit, because their use brings health to the sick and ailing and preserves health to the well and strong."

Men and women past fifty years of age need a safe digestive after meals to insure a perfect digestion and to ward off disease, and the safest, best known and most widely used is Stuart's Dyspepsia Tablets.

They are found in every well regulated household from Maine to California and in Great Britain and Australia are rapidly pushing their way into popular favor.

All druggists sell Stuart's Dyspepsia Tablets, full sized pkgs. at 50 cents and for a weak stomach a fifty cent package will often do fifty dollars worth of good.

DATE WAS CANCELLED.

Mrs. Carrie Nation, the Kansas joint smasher, who was to have lectured in Fort Wayne this evening, will not appear, for the reason that Manager Stouder, of the Masonic Temple, yesterday cancelled her engagement. Mrs. Nation's agent insisted upon a committee of prominent citizens in carriages to meet her at the depot and escort the lecturer to the hotel, and from the hotel to the theater. Mr. Stouder did not care to undertake to tender Mrs. Nation such a reception, and the date was declared off.

Bubonic plague is so prevalent at Cape Town that the population is fleeing for safety, or, where that is not possible, avoiding contact with the Kaffirs, who are suffering in consequence. Several cases have appeared among the British troops and it seems likely the disease will interfere with the function of Cape Town as chief base of supplies for troops in the interior unless the authorities care to take the chance of spreading the malady throughout the army.

St. Louis has an action against Chicago on account of the drainage canal, which turns the sewage of Chicago into the Illinois river and eventually into the Mississippi, whence St. Louis derives its water supply. It is asserted in support of this action that the typhoid fever has greatly increased in St. Louis since the opening of the canal. Statistics confirm the statement, whether or not the connection of cause and effect be established. Up to 1899 the number of cases in the city did not exceed 400 annually. In the year ending April 1, 1900, after the opening of the canal, they rose to 1,114 and in the year just ended to 1,150. Against this apparent consequence is to be set the fact that the Mississippi and the Illinois are liable to contamination at many points much nearer than Chicago, and the increase of typhoid apparently began before the drainage canal was opened. While there is nothing improbable in the theory, the published reports do not exclude other sources. It might be asserted on general principles that the Mississippi, with or without a drainage canal, does not furnish an ideal water supply.

OUR INLAND WATERWAYS.

While the last century belonged to the steam engine, the present seems destined to bring the steamboat as a means of transportation to an equality with the railroad train, says a writer in the Forum. Incomplete government reports place the annual traffic of the rivers of America at something over 110,000,000 tons. It is, however, certainly more than that figure. The total freight traffic of the Great Lakes amounts to 124,000,000 tons; but as all of this leaves one lake port to enter another, the figures are divided by two, giving the traffic on the lakes 62,000,000 tons. The river traffic, however, goes largely to, and comes from the harbors of the sea coast, so that the same rule cannot be applied. Probably 100,000,000 tons would be a fair estimate of the tonnage of our rivers, exclusive of the coast harbors and inland waterways which are arms of the ocean. The average distance traveled by freight on the lakes is 841 miles; on the rivers probably not very much more than 150; so that the mile tonnage borne on the rivers is probably one-fourth that of the Great Lakes. The mile tonnage of the Great Lakes amounts to 40 per cent. of the total mile tonnage carried on the railways; that of the rivers foots up another 10 per cent.; so that on the inland waterways of America, exclusive of harbors, bays and salt-water sounds, is borne fully 50 per cent. of our inland commerce.

So far the government has been as lavish in its donation to railways as it has been in its appropriations for the improvement of our rivers, with the difference that it owns the waterways and does not possess a single line of connecting railway. Almost every navigable river in America is paralleled by railway lines; yet our rivers do not only hold their own, but for the first decade their traffic has shown a marked increase. The railroads of Long Island and Southern New England, from fighting steamboat competition have taken to the water; and they find it to their interest to increase the fleet of Sound steamers, both in number and magnificence.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and tonic and to tone up a weak and emaciated system, with very marked effect by way of improvement.

"We regard it a great tonic and blood purifier."—J. T. Duff, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

THE FIRST ANNUAL MEETING

OF VISITING NURSE LEAGUE HELD LAST NIGHT.

Interesting Report of the Work of the League Read By Dr. Carrithers-Calvin.

The first annual meeting of the Visiting Nurse League was held last evening in the city council chamber and the following officers were elected:

President—Mrs. B. Pellens.

First Vice President—Mrs. Mason Long.

Second Vice President—Mrs. S. B. Bond.

Third Vice President—Mrs. Joseph Lohman.

Secretary—Mrs. Robert Harding.

Treasurer—Dr. Carrithers-Calvin.

Nurse Director—O. E. Mohler.

The secretary and treasurer of the league, Dr. Carrithers-Calvin, gave a brief account of the work done by the league in the past year toward assisting the sick poor. The league started out with a membership of twenty, which has reached 116 since organization. The dues are 25 cents for each member, amounting to $29 during the year. The sum in the treasury at the beginning was $3. Donations were received from members of the league, from other individuals, churches and societies, consisting of money, clothing, medicines and various articles. The total sum collected from all sources was $370.55 and the disbursements were: Visiting nurse's salary, $440.10; extra nurses' salaries, $40; street car tickets, $20; emergencies, $10; a total of $510.10; leaving a balance of $30.39 in the treasury. The societies who have given money or goods are: Young Ladies' society of the First Presbyterian church; Ladies' society of the same church; Ladies' society of Trinity Episcopal church; Social circle of Westminster church; Dorcas society, Trinity Lutheran church; Ladies' society of the Jefferson Street Church of Christ; Ladies' Hebrew Benevolent society; Lakeside Ladies' Aid society; South Side Aid society; Relief union; Duodecima club; Women's Reading club.

A point upon which there has been some misunderstanding was made clear by the secretary. The impression has prevailed that the visiting nurse visited houses where contagious diseases existed, but such is not the case. Where charitable visits to such houses were necessary a special nurse was sent, that the danger of carrying contagion from one house to another might be avoided.

Miss Shatzer, the visiting nurse, read a brief report of her work. She has visited thirty-four families, made 787 calls, of which 112 were in the interest of the work. She has given 250 baths and ninety-one cases of massage. She has used in her ministrations all kinds of garments, soap, towels, brushes, etc.

Rev. E. W. Allen, of the West Jefferson Street Church of Christ, made a brief address commending the work done by the league, and Dr. W. D. Calvin followed with a few remarks on the subject from the standpoint of a physician.

DECATUR MAN A LOSER.

(Decatur Democrat.)

A. Van Camp is the loser to the tune of $1,000 by the fire of a Fort Wayne machine shop last week. His wooden patents, the accummulation of five years, and from which all his milling machinery was made, was destroyed in that fire, and to replace them means a whole lot of time, expense and money. Unfortunately no insurance was carried and the loss is a total one.

ABOUT THE CITY HALL.

The board of works met last evening in regular session and passed several resolutions for paving streets as forecasted in yesterday's Sentinel. City Engineer Randall submitted plans and specifications for the following streets: Paving Jefferson street, from Calhoun to Harrison, to a width of 38 feet, and from Harrison to Broadway to a width of 32 feet; paving Masterson avenue, from Calhoun street to Lafayette street, to a width of 26 feet; paving Barr street, from Washington to Lewis, to a width of 38 feet, and from Lewis to Holman to a width of 36 feet; paving the alley between Washington and Wayne streets, from Calhoun to Harrison. The plans were approved, bids will be advertised for at once and the contracts will be let early in April.

Residents on East Wayne street petitioned for a pavement on that thoroughfare from Hanover street east to the city limits.

The assessment roll for a sewer between Lillie and Winter streets was approved and George Spangler and Herman W. Felts were granted permission to construct sidewalks under private contract.

Building permits have been issued by the city clerk as follows: L. Springer, to remodel a frame residence on the corner of Hoagland avenue and Williams street, at a cost of $1,500; Herman Wiegman, frame house on Ritter avenue, cost $1,500; F. P. Rosselot, frame house on North Harrison street, cost $1,600; August Schele, frame house on East Wayne street, cost $2,000; F. E. Keller, frame house on Thompson avenue, cost $800.

POTTERY PLANT IS BURNED

BIG INCENDIARY BLAZE AT AKRON, OHIO.

An Attempt Made to Dynamite Plant of Another Pottery—The Work of a Maniac.

Akron, Ohio, March 29.—The plant of the Diamond Pottery company was burned during the night by a fire originating from wast soaked in oil placed in various parts of the building.

A well dressed man was seen about the place before the fire started, but no trace of him has since been found.

Earlier in the evening an attempt was made to dynamite the extensive pottery of the Robinson-Merrill company. Sticks of the explosive were placed under several parts of the main building, but the watchman discovered them in time to prevent an explosion. At several other factories oil soaked waste was found in various sections of the buildings.

The police believe a lunatic is doing the work. The loss on the Diamond plant is not stated.

WINONA'S IMPROVEMENTS.

South Bend, Ind., March 29.—At yesterday's session of the board of directors of the Winona assembly the following committee was appointed to remodel and build an addition to the hotel, after the plans of Architect Beeman, of Chicago: Dr. Sol C. Dickey, of Indianapolis; Clem Studebaker, of South Bend, Judge Charles H. Worden, of Fort Wayne, and J. F. Beyer, of Warsaw. The same committee was directed to look after landscape improvements. The grounds and improvements are now valued at $371,000, and the company is free of debt. A program was outlined for fifty-nine days of Chautauquan entertainment, to begin June 1 and end August 27. The Western Writers will meet June 26; the Young People's national convention of United Presbyterians, July 24 to 28, inclusive, and the Progressive Brethren will convene August 28 to September 2. The Photographers' inter-state convention will meet in June. Arrangements have been made with the railroads that visitors at the Buffalo exposition can have stop-over privileges. Dr. J. Wilbur Chapman was chosen director, to succeed the late Governor Mount.

I cannot recommend your remedy—Wright's Rheumatic Remedy—too highly, and I wish to say to my friends, if you are suffering from rheumatism or kidney trouble, by all means use it.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world-famed Dr. Chase's recipe book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin blooded, nerve exhausted sufferers,

BARNEY ROACH SURPRISED

AWOKE TO FIND HIMSELF IN DURANCE VILE.

The Third Fall From Grace Within a Short Time—Other Matters in Police Circles.

Barney Roach was the first man to face the mayor this morning, it being his 'steenth time in the last three months. Barney was released only a few days ago and fell from grace again yesterday morning, when Officer Dickson found him very hilarious near the south depots. In the afternoon Detective Ceiing went to his cell and he was lying so quietly that his first impression was that Barney had passed in his checks. He went inside and after a vigorous shaking up succeeded in rousing him. Barney rubbed his eyes and looking around discovered where he was. "Howly jabers," said he, "am Oi in the callyhouse agen?"

"Yep," said the officer.

"Whin did yees git me?"

"About 9 o'clock this morning."

"What toime is it now?"

"Two o'clock."

"Roach, yer a dom ould fool," said Barney as he rolled over to take another nap.

This morning he told the mayor how it was, but the story wouldn't work and he was fined $11.

"Oi've got only a dollar wid me," said Barney. "will yees take that?"

He was informed that it would take just ten more to fix things, and the old gentleman sat down very much discouraged with things in general and with himself in particular.

BARTENDER FINED.

John Pattee, bartender for Ed Keever, was up for selling liquor to Roy Collins and Alanson Conn, two boys from Garrett, who were sent over yesterday for drunkenness. The boys swore positively that he had sold them beer and Pattee denied it. The evidence went and he was fined $10 and costs. He said he would appeal the case, but it is probable that his better judgment will prevail and the fine be paid. The Keever place is at present in particular disrepute with the police and the proprietor may conclude that the best policy is to monkey with the band wagon as little as possible.

WANTED HIS RIGHTS.

During the session Officer Pageler brought in Jake Luly, who was slated for drunkenness. "Mornin'! I'm here," he said as he nodded pleasantly to the mayor. "So I see," responded hizzoner. Jake denied being drunk in the most vigorous language, but the mayor fined him $5 and costs. This raised a storm of gigantic proportions and Jake simply shouted his denunciation of a court which would fine a sober man.

"I demand my rights," he yelled; "I was arrested for stealin' a harness and here you send me over for bein' drunk. I'll not stand it, sor, an' I demand me rights." Presently he subsided and took his ride with the balance of the boys.

YOUNG DORNTE BOUND OVER.

Andrew Dornte was arraigned for stealing a horse and buggy belonging to Mrs. Sam F. Swayne, the details of the arrest being given in yesterday's issue. Dornte is a bright looking little lad of fourteen, was well dressed and neatly washed and combed as he appeared before the bar to answer to the charge of grand larceny. He admitted having taken the horse and buggy and said he did not return it because he was afraid to. He rode around town with a younger brother and had taken one or two other boys into his confidence. His mother, who was present, said that he had not fed the horse since Sunday because he had no opportunity to, she having had him penned up at the house for other mischievous conduct. The boy has been so inexcusably bad and had been in so many scrapes and given the officers so much trouble that the mayor said he could do no less than bind him over to the circuit court. He said he would not place him under bond, but would allow him to go on his own recognizance if his mother would answer for his appearance when the case was called. This the heart-broken mother readily promised and the lad was allowed to go.

POLICE NOTES.

Dr. Rosenthal reported having found a ladies' shopping bag on Spy Run avenue.

Joe Christian, the Main street saloon keeper, reported the theft of a set of harness this morning. He suspected Jake Luly of having taken the harness and pawned it for money to get drinks or perhaps for drinks only. Jake is in jail and the matter will be investigated.

Two windows and a door were found open in various parts of the down town business district last night.

ABOUT THE COURT HOUSE.

Mary D. Messler has commenced action against Israel Messler, her husband, for an accounting and asking for $10,000 for her share of joint property. The parties formerly lived in Lafayette township, but for three years past have lived in South Wayne. Some weeks ago Messler went away after converting all his property into cash and there was some talk of a disruption then. The matter was, however, quieted down and nothing more was heard of the family's troubles until the filing of the above suit yesterday afternoon. Mrs. Mettler alleges that when they were married some twenty years ago she brought into their union the possession of a farm and in the cultivation of the farm and the accumulation of other property she has not received to exceed over $400 in cash in all these years. She now asks that the property be accounted for and divided.

NICHOLSON LAW RULING.

Indianapolis, Ind., March 29.—The supreme court yesterday upheld the provision of the Nicholson law set forth in section 9, providing that if a remonstrance is filed against an applicant to sell intoxicating liquors it shall be unlawful for the board of county commissioners to grant a lincense to the applicant during the period of two years from the filing of the remonstrance.

The point was decided in affirming the judgment in the case of Albert F. Wilcox against James Bryant and others. Wilcox filed an application to sell intoxicating liquors in Boone township, Porter county, in March, 1899. A remonstrance signed by a majority of the legal voters of the township was filed against granting the license.

The board of commissioners refused to grant the license for the reason that the bond offered by Wilcox was not sufficient. Wilcox then filed a second application, but the board of commissioners refused to grant the license because of the remonstrance which had been filed before.

The court holds that the license was properly refused the first time on account of the remonstrance and the fact that a wrong or insufficient reason was given by the board is not material, for a correct decision is not void because a wrong reason is given for it.

CHINESE ARE CITIZENS.

San Francisco, March 29.—Collector of the Port Stratton has received an opinion from Attorney General Griggs definitely establishing the right of Chinese persons who were citizens of the Hawaiian islands prior to August 21, 1898, by birth or naturalization, to enter the United States. It was clearly the intent of congress, the attorney general thinks, to throw the cloak of adoption over all who were Hawaiian citizens on the date mentioned in the treaty.

UP TO PA ZIMMERMAN.

London, March 29.—The duke of Manchester appeared in the bankruptcy court today for public examination, but the case was again adjourned to May 10. It was represented that Mr. Zimmerman, the duke's father-in-law, had just arrived in England and was investigating the debtor's affairs, and that therefore it would be for the benefit of creditors to adjourn the case until the investigation was completed. This is taken as an intimation that Mr. Zimmerman proposes to extricate his son-in-law from his embarrassments. Miss Portia Knight's statement of her claim in the breach of promise action brought by her against the duke is approaching completion. It is understood that heavy damages will be demanded. The duke of Manchester has entered an appearance in the action, so he evidently intends to fight it.

CUDAHY SUSPECT IS FREED.

Omaha, Neb., March 29.—M. L. Jacobs, the traveling man who with his wife was arrested at Onawa, Iowa, as a suspect in the Cudahy kidnaping, was released yesterday for want of evidence. They were arrested at the request of a detective named Gladwin, who has been working on the case. The sheriff at Onawa telegraphed Sheriff Power, of this city, that Jacobs was a man of unquestionable character, and the detective being unable to offer any evidence of his guilt Jacobs and wife were discharged.

ABOUT BASE BALL.

President Meyer has appointed Claude F. Baker private secretary and he assumed his duties this morning. His office will be at the Wayne club. Mr. Baker is a thorough base ball man, is familiar with the game as well as the workings of a club, and Mr. Meyer is to be congratulated on having secured so capable an assistant.

Deacon Ellis has telegraphed President Meyer that he will take all the players contracted for by Anderson and asks that the contracts of the various players be forwarded to him.

Arlie Lathan this morning telegraphed his acceptance of terms offered him to serve as umpire for the Western association this season. Joe Hornung and M. J. McLaughlin, who were engaged under the Inter-State regime, have been notified that they would be retained, and negotiations are now on with Henry Gastreicht, of Newport, Ky., an ex-league pitcher. President Meyer has already several dozen applications from well known base ball men, but the list will probably consist of the four persons named above.

President Meyer is already at work on a schedule to be submitted to the committee at Louisville next Monday week.

It was stated at the meeting held here Tuesday and Wednesday that it was not believed that Mansfield cared to join the new association, although late on Tuesday Irwin, of Wheeling, telegraphed for and received Mansfield's proxy. That Mansfield is not heartbroken over the turn affairs took is evidenced by the following from last evening's Mansfield News:

"Ye base ball 'fans' who have tears to shed, prepare to shed them now!

"It's all off with Mansfield this season at least, so far as having any league base ball games is concerned.

"There will be sorrowing among the faithful 'fans' when the news reaches them today. The Western base ball association, formerly the Inter-State league, with which this city has been identified, has made up its circuit and Mansfield is left out of it. The local magnates have practically been out of it since last fall. It is known that 'Billy' Meyer, of Fort Wayne, the new president of the league, was here recently and held a conference with the local base ball people, and at that time they signified that they did not care to be in it. The reason Mansfield will have no base ball this year is that the men back of the club have lost money and because of the fact that some of the base ball people wanted Sunday ball, while others would not listen to the proposition. Under the circumstances the Mansfield club just simply dropped out of it."

Strobel has succeeded in landing Tuck Turner, who deserted him for the Western league earlier in the season. Just how Turner got out of his contract with Hulen is not known, but Strobel has him just the same. Turner telegraphed his acceptance of terms offered and is happy to get into present company.

To a great many persons the term "Class A," as applied to base ball, is just like so much Greek. In commenting on the admission of the Western association to class A, E. S. Barnard, sporting editor of the Columbus Dispatch, who was a delegate at the recent meeting, says:

"Every move made by those who participated in the first meeting of the Western association emphasized the fact that the association is to be a much more pretentious organization than the old Inter-State ever aspired to be. The securing of 'class A protection' raised the association in the estimation of the fans right on the jump, for class 'A' organizations are permitted to hold their players for two years before they are subject to the draft, when they do become eligible to the draft, the price is $1,000, instead of $300. When the association adopts its new constitution and by-laws there will be very few traces of the rules and regulations which used to govern the Inter-State. It was necessary to change almost everything in order to bring it up to the higher standard of the association. One of the most important changes is in the method of raising the money to pay the running expenses of the league. Instead of each club paying a monthly assessment, as was the case in the Inter-State, the American league plan has been adopted. Ten per cent. of the 'first-gate' at each game will be turned into the league treasury and credited to the club turning it in. At the close of the season the expenses of the league will be apportioned and any club having more money to its credit than its share of the expense will receive the balance in cash. The visiting club must be paid a guarantee of $50 with an option of 45 per cent. (which is half of what is left after the 10 per cent. is taken out for the league) of the 'first gate,' if said 45 per cent. amounts to more than the $50 guarantee."

The Indianapolis Reserves want the Shamrocks for three games. The teams split even last year.

Regarding the report that Anderson will bring suit against the association for damages covering the amount of money the gas belt town lost in its endeavor to stay in the circuit, Mr. Watkins says there is nothing in it. There is no one to sue, he says, as the Inter-State league was disbanded and ceased to exist as completely as though it had never been organized. After the demise of the league the association was formed.

Manager Watkins has signed Pither Fred Barnes, of Kansas City, for the Indianapolis team.

Muncie Star: "Poor old Anderson has been robbed of her base ball prospects. The Andersonians seem always striving against hopeless fate."

Strobel has succeded in landing Tuck Turner, first baseman on his team last year. As Tuck signed a contract with Colorado Springs, of the Western league, it is very probable that there will be strenuous kicks from the western hamlet. Strobel has signed another pitcher, Roxy Walthers, of Wisconsin.

"Sandow" Mertes, general utility man of the Chicago National league team last season, has signed a contract to play second base for the American league club, of the same city, and thus one of the hottest contests between the warring leagues has been settled.

Manager W. R. Armour, of the Dayton team, and Miss Ida Fulton, of Homestead, Pa., were united in marriage by Rev. J. E. Vance, of the United Presbyterian church, at the bride's home Wednesday evening.

The salary limit under National league rules for Class A leagues is $1,500 for the season. The cost of drafting a player from such a league is $500.

PETER HARBER PASSES AWAY

VETERAN SHOPMAN YIELDS TO PNEUMONIA.

Mrs. W. E. McLaughlin and Mrs. John C. Belot Are Called From Earth—The Funerals.

Peter Harber, a veteran machinist at the Pittsburg shops, died very suddenly at his home, 390 South Hanna street, at 4:30 o'clock Thursday afternoon. Death was due to pneumonia, and it came at a time when his friends were confident the patient had safely passed all danger from a brief illness. Mr. Harber worked until Monday last, and even yesterday was about the house most of the day. About 4 o'clock he lay down upon a couch and within a short time passed away almost without warning.

Mr. Harber was born in Hesse, Germany, about sixty-eight years ago. Left an orphan at an early age he came to America and to Fort Wayne at the age of fourteen, and a few years later entered the Pennsylvania shops to learn the trade of machinist, soon after the shops were established. Here he continued until 1880, when he resigned and for two years was connected with the Trentman wholesale grocery. In March, 1882, Mr. Harber returned to the shops, where he continued in service until his death.

He was united in marriage at Hesse Cassel thirty-seven years ago to Miss Mary Vedekind, who, with nine children, survives. The children are Joseph W. Harber, an engineer on the Nickel Plate; Peter J. Harber, a Pittsburg fireman; August A. Harber, a clerk at Wefel's drug store, and Bernard, Charles and William Harber, who are in school. Three children are dead. Mr. Harber was widely known and very popular, for his quiet, amiable disposition and sterling character won for him the widest friendship. He was a member of the sodality of the Cathedral, St. Martin's Benevolent society of St. Peter's church, St. Peter's School society, St. Julian council, C. B. L., and of the Pennsylvania Relief association.

Funeral services will probably be held Monday morning at St. Peter's church, of which the deceased was a devoted member.

M'LAUGHLIN.

Mrs. Lonnie McLaughlin, wife of W. E. McLaughlin, died at 6:30 o'clock this morning at the family home, 136 Jackson street, after a brief illness from cerebral embolism. Mrs. McLaughlin was twenty-nine years of age, and a native of McComb, Ohio, where the remains will be taken for interment.

Surviving are the husband and a babe nine days of age.

BELOT.

Mrs. Effie M. Belot, wife of John C. Belot, died at an early hour this morning at the family residence, 80 Wagner street, at the age of twenty-nine years. Surviving are the husband and four children, as well as the parents, four brothers and four sisters. The brothers and sisters are Frank Gump, of Nebraska; Mrs. Priscilla Jackson, Mrs. Alice Flanagan, Mrs. Jane Hirsh, Mrs. Cora Shambaugh, and Madison and Albert Gump.

Mrs. Belot's death was extremely sudden. While her health has not been of the best, there was no apprehension of immediate danger and yesterday she was calling on friends and seemed in excellent spirits. About 1 o'clock this morning she was taken suddenly ill and expired within a half hour, and before the physicians could reach her bedside. This morning Dr. Rosenthal held a post mortem examination, establishing the fact that death was due to acute Bright's disease.

The funeral announcement will be made later.

DINKLAGE.

Mrs. Margaret Dinklage, a resident of Fort Wayne for more than fifty years, died this morning at her home, 317 East Washington street, at the age of seventy-nine years. Mrs. Dinklage was a native of Germany.

Death was due to the infirmities of age, and though very feeble for some time, her death was not regarded as immediately probable until within a short time before she peacefully slept away. Surviving are three children—Mrs. Henry Wendelin, Tony Dinklage and Miss Anna Dinklage.

Deceased was a member of St. Mary's Catholic church. The funeral announcement will be made later.

FUNERAL ANNOUNCEMENTS.

Kramer.—Funeral services of Joseph Kramer will be held Monday morning at 8:30 from the residence, 49 Madison street, and at 9 o'clock from St. Mary's Catholic church.

Barnard.—Funeral services of Charles D. Barnard will be held Saturday afternoon at 2 o'clock from Bethany Presbyterian church.

THE MARKETS.

Chicago, March 29.—Corn continued the leader of speculative markets on board of trade today. The bull leader unloaded a million bushels of May, but prices receded only slightly and upon cessation of this liquidation showed renewed strength. May opened unchanged to ¼c higher at 42⅞c to 43c and touched 43¼c within a few minutes. The liquidation referred to caused a reaction to 42⅞c, but this was followed by a sharp rally to 43⅜c, a new record for the delivery. Receipts were 211 cars, 13 of contract grade. Cables were firm.

Wheat was quiet but firm. May opened a shade to ⅛c lower at 75⅞@75⅞c on liberal receipts and favorable crop reports, sold to 75⅞@76c, reacted to 75¾c and then advanced to 76⅛c. Local receipts were 63 cars, none of contract grade, while Minneapolis and Duluth reported 376 cars, against 433 last week and 436 a year ago.

Oats were firm on the liberal cash sales yesterday. May opened ⅛c higher at 25¼c, touched 25⅜@25⅜c and then advanced to 25⅝@25⅞c. Receipts were 215 cars.

Provisions were irregular and dull. May pork opened 12½@27½c lower at $15.20@15.35, declined to $14.97½ and rallied to $15.12½. There was no trade in lard during the first hour. May ribs opened 5@7½c down at $7.85@7.87½ and sold to $7.90.

THE CLOSE.

Prices at the close were as follows:

Wheat—March, 75⅛@75¼c; April, 75¼c; May, 76¼c.

Corn—March, 42¾c; April, 43c; May, 43⅞c.

FIREMAN WAIBEL MEETS WITH SAD ACCIDENT.

NEW PENNSYLVANIA FLYER

ROAD FOREMAN COLMEY GIVING BIG ENGINE A TRIAL.

OFFICIAL INSPECTION TOUR

WILLIAM BORNER AND STAFF OUT ON THE LINE.

George Weibel was brought to the city at 4 o'clock yesterday afternoon and taken to the home of his relatives, on West Jefferson street, suffering from injuries sustained in a railway wreck at Bremen, on the Baltimore and Ohio railroad, Wednesday night. Mr. Weibel is a fireman on the road mentioned and received his injuries in a collision, the particulars of which are given in the following telegram:

"Goshen, Ind., March 29.—Arthur Talbert, of Garrett, aged 30 years, Baltimore and Ohio freight engineer, was instantly killed Wednesday at Bremen in a collision between two eastbound freights. The head train was pulling on to the main line from the siding. Talbert was on the second engine of the double header, and did not see the danger. The crew on the head engine was saved by jumping. Fireman George Weibel, of Fort Wayne, was badly hurt, but will recover. Talbert leaves a wife and two children. There is considerable wreckage, and the loss to the railroad company will amount to several thousand dollars."

Dr. E. J. McOscar is attending Mr. Weibel and from him it is learned that the young man's injuries are not as serious as stated in the foregoing telegram. He is painfully bruised about the hips and his left arm is broken, but there are no indications of internal injury and the surgeon believes his patient will completely recover.

SPECIAL TRAIN FOR TEACHERS.

Col. R. G. Thompson, of the Wabash, has arranged to run a special train to Anderson, Ind., next week for the accommodation of the teachers who wish to attend the meeting of the Indiana Teachers' association. It is expected that there wil be an attendance of about 125 from this city and vicinity.

TRAVELING MEN'S MEETING.

The National Biscuit company's representatives are holding a meeting in Indianapolis this afternoon and a party of Fort Wayne men are in attendance. They are J. F. Miller, Clem Fox, Frank Bott, W. Butler, Joseph Heit, Myron Downing and A. W. Heit, all traveling salesmen. Last spring this meeting was held in Toledo.

CLERK RESIGNS.

Another vacancy in the clerical ranks of the Pennsylvania freight offices has occurred. Samuel Roush this morning handed his resignation to Agent Kirkland, to take effect as soon as possible. Mr. Roush will return to the farm to assist his aged father, who owns and cultivates a tract of land near Portland, Ind. The vacancy at the freight office has not yet been filled.

MR. BORNER'S SPECIAL.

William Borner, western and division freight agent of the Pennsylvania company, is out on the western end of the Fort Wayne road on a special train today, making an inspection of the freight department. He is accompanied by Supt. J. R. McKim. Trainmaster J. F. Patterson, Union Star Agent H. O. Quicksell, Division Operator J. G. Jennings and W. Downs, Mr. Borner's chief clerk.

BEGIN CONSTRUCTION.

San Pedro, Cal., March 29.—The Los Angeles and Salt Lake railroad has begun the work of construction by preparing to lay seventy-five pound rails along the present right of way of what has been known as the Los Angeles and Terminal railway. When this work is completed the company expects to continue the line to and through the mountain.

HOW TO GAIN FLESH

Persons have been known to gain a pound a day by taking an ounce of Scott's emulsion. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking Scott's Emulsion.

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

If you have not tried it, send for free sample to agreeable taste will surprise you.

BRAKEMAN HAS FOOT HURT.

Walter Rowe had a foot injured last evening at Van Wert, Ohio. He is a local freight brakeman on the Pittsburg road, and the injury was sustained while the crew was switching some cars. Mr. Rowe was brought here and is now at his home on the south side. His injuries are not serious.

A BIG PASSENGER ENGINE.

No. 269, one of the class E-2 passenger engines recently built for the Pennsylvania railroad, is here for a trial. It came in with a freight train from Crestline at 7 oclock last night, with Road Foreman C. R. Colmey, Engineer J. E. Long and Fireman Jacob Flaugh in the cab. This morning this engine took the Crestline accommodation, No. 36, out and this evening will bring No. 35 in from the east. Mr. Colmey again accompanied the engine, while Engineer Ben Skinner presided at the throttle and Fireman J. Eggeman handled the scoop and pick. This engine is of the Atlantic type, having four drivers eighty-one inches in diameter and trailers under the firebox. It weighs about eighty tons and is the longest engine ever seen here. In fact, it is so long that it could not be turned at the roundhouse and had to go to the east car shop turntable for that purpose. Though longer than the G-4 engines, No. 269 is not as heavy, the former weighing eighty-one and a half tons. As soon as the journal bearings become adjusted and cease to "run hot" No. 269 will be given a trial with heavy passenger trains, possibly Nos. 8 and 9. She is built for speed as well as power.

CONSOLIDATION ASSURED.

Boston, Mass., March 29.—The Post today says: "The proposed consolidation of the Chicago, Burlington and Quincy Railroad company with the Great Northern and Northern Pacific railroads has reached a final stage. The long delayed plan, it is said, is ready for submission to the Chicago, Burlington and Quincy stockholders. The secret conference of President James J. Hill, of the Great Northern; Charles E. Perkins, chairman of the Burlington board of directors, and ex-Senator Wolcott, of Colorado, at the Victoria hotel, in this city, on Wednesday, is believed to have settled the question. The plan provides, it is said, for the purchase of Chicago, Burlington and Quincy bonds at 167½ in 3½ per cent guaranteed bonds or 150 in cash. It is not known whether the proposition contained a guarantee to the stockholders of the proposed 7 per cent. The large Chicago, Burlington and Quincy stockholders do not manifest pleasure over the rumors of a deal. The plans were laid some time ago. Wednesday's conference was prolonged and at its close President Hill and Senator Wolcott hurriedly departed for the west. Mr. Wolcott had been in Boston since March 17, talking over matters pertaining to the consolidation."

A lawsuit, in which the Pennsylvania company is the defendant, is in progress at Plymouth today and several railway men are in attendance, included being Claim Agent H. T. Swegman and Passenger Conductor F. M. Mauk.

Traffic out of Pittsburg at present is the heaviest ever known. On Monday last over 400 cars were sent out of Pittsburg in seven hours, carrying railroad materials, such as ties, timber and rails; of the latter 150 carloads were shipped.

The Lake Shore has another congestion of business. At Toledo, on Tuesday, there were 1,500 loaded cars to move and no power to move them, every engine being in service, and the same condition exists with other Toledo roads, it is stated.

Charles Hans, of the Pittsburg blacksmith shops, went to South Bend today to spend a few days with his son, who is making his home with his aunt in that city. The young man will be confirmed Sunday, and Mr. Hans will witness the confirmation.

Valparaiso Messenger: "A. W. McDaniels, who was day operator at the Fort Wayne station for several years and for the past year at Liverpool, has been appointed agent at the latter place. Frank Foster, night operator at this station, will succeed McDaniels as day operator at Liverpool."

Business having improved, the Nickel Plate again put on the extra engine and switch crew in the yards in this city last night. The switch crew is composed of Conductor O. O. Spaid and Brakemen C. D. Snyder and C. Varderman.

The High school pupils at Indianapolis will have an excursion to Mammoth Cave, Ky., next Monday, when it is expected that the number will pass the 250 mark. Excursions of this character are annual affairs with Indianapolis High school children.

In the Jefferson circuit court C. M. Philpot was awarded $250 damages for loss of a bloodhound killed by a train on the Iron Mountain railway track, while the bloodhound was trailing a criminal. The railway company will appeal the case. Philpot is chief of police of Pine Bluff.

W. E. Brower, whose death was mentioned in these columns yesterday, was crushed about the head and shoulders by cars. He was engaged in moving some old cars from which the drawbars had been removed and which were fastened together by means of chains. One of the members of the switching crew was under a car securing the chain and Mr. Brower stood at the end of the car, stooping and watching his comrade at work. Just at that moment the engineer backed up and Mr. Brower was caught between the end sills and crushed to death. The man under the car saved himself by catching hold of the car and dragging about ten feet. The remains were taken out to the Brower cemetery for interment this afternoon.

GRAPHOPHONES TEACH PRONUNCIATION.

In the study of foreign languages, says the Hastings, Mich., Herald, the graphophone seems to have found a useful place. Grammar and technicalities may be acquired without a teacher, but one cannot teach one's self pronunciation. Hence to the many obliged to learn a foreign language without the aid of a teacher, graphophone records of language lessons are the greatest help, as the machine can repeat the words over and over again until familiarity with the sounds is obtained.
The Columbia Phonograph Co., No. 68 Wabash avenue, Chicago, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

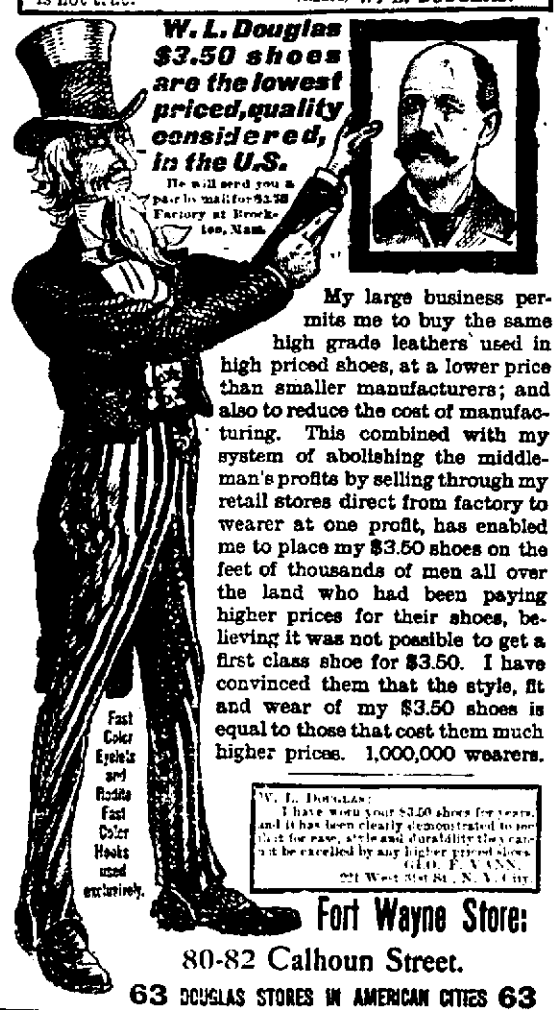
W.L. DOUGLAS $3.50 SHOE UNION MADE

My $3.50 shoes, placed side by side with high priced shoes, are found to be just as good, and it is impossible to see any difference. I make and sell more men's fine shoes, Goodyear Welt (Hand-Sewed Process) than any other manufacturer in the world. I will pay $1,000 to any one who can prove that my statement is not true. (Signed) *W. L. DOUGLAS.*



W. L. Douglas $3.50 shoes are the lowest priced, quality considered, in the U.S.
He will send you a pair by mail for $3.50. Factory at Brockton, Mass.
Fast Color Eyelets and Rubber Fast Color Heels used exclusively.

My large business permits me to buy the same high grade leathers used in high priced shoes, at a lower price than smaller manufacturers; and also to reduce the cost of manufacturing. This combined with my system of abolishing the middleman's profits by selling through my retail stores direct from factory to wearer at one profit, has enabled me to place my $3.50 shoes on the feet of thousands of men all over the land who had been paying higher prices for their shoes, believing it was not possible to get a first class shoe for $3.50. I have convinced them that the style, fit and wear of my $3.50 shoes is equal to those that cost them much higher prices. 1,000,000 wearers.

W. L. Douglas:
I have worn your $3.50 shoes for years, and it has been clearly demonstrated to me that for ease, style and durability they cannot be excelled by any higher priced shoes.
